5 Horsemen of New Lenox Endorse State Stand on Slot Machines

Lieutenant Governor Stelle, acting governor in the absence of Mr. Horner, has stated that the slot machines must "go" in the state of Illinois and that no violation in this connection will be tolerated. We heartily endorse Mr. Stelle's action as it is most commendable. Chief Williams of the State Highway police has also offered his assistance to the sheriffs in enforcing the law.

The law abiding people of Illinois have definitely proven that they will not tolerate lawlessness. "Smart" Public officials will follow the acting governor's example and put their shoulders behind the "wheel" of law enforcement. The era of grafting has passed and the few remaining grafters will fast disappear as the people of Illinois demand officials who enforce the law.

It is encouraging to know that we have some public officials in our state government who enforce the laws of our state, even though our present local New Lenox officials have refused to act in this respect.

THE FIVE HORSEMEN.

Ho, Ho Uncle Hy.

February 15, 1939.
Mokena, Illinois.

Dear Uncle Hy:

What would you think of yourself if you were a Master-of-Ceremonies at a public affair, and the effort proved to be too much for your frail body, as well as your mind, so that you'd have to stay home from work for two or three days? Maybe he broke his New Year's resolution. I tell you this because I know that you won't tell anyone else, or "kid" him about it.

Isn't it fun to listen to those who are wondering who writes this stuff? People can be fooled so easily. They accuse you of it and when you agree with them, they think you either a liar or too honest to be a "joker."

The other evening some of the members of the health club for underprivileged elbow-exercisers were amusing themselves with tales of their youth. One, with a beautiful baritone voice, hitched up his trousers, stopped his breathing for 20 seconds by raising his chest, said "You should have seen my figure when I was 18 years past," then swung his arms in the air for five seconds, and ended by fainting from earnest exhaustion.

My boy-friend told me that I was too thin to be seen in public. Thinking that he was fooling I went on a diet the next day. A week later I met two friends on the street, and each one asked what I did to get so fat. It cost me \$3 for doctor's fee to find that I had my fur-coat on backwards.

Yours,
HY.

Tinley Ladies Aid Hold Colonial Tea

A Colonial Tea was given in the Tinley Park Methodist church Tuesday afternoon by the Ladies Aid Society. Admittance was by the presentation of a small apron in the pocket of which was deposited the amount in cents, of the number of inches around the guest's waist. The guests were very generous however, and most gave more than that measurement would indicate. Seventeen gave one dollar each, in all, about \$70 was realized.

A lovely table was set in colonial effect, with small dolls dressed in lavender crepe paper and old lace, with a powdered head dress. Lovely open-faced sandwiches, cookies, tea and coffee were served. Mrs. Wesley Bennett and Mrs. Christ Steinhagen poured. They were dressed in colonial gowns.

A program was given during the afternoon. The proceeds are to be used for the building of the new church.

Cold Walls

Featuring a new refrigerator that includes a new method of applying electric refrigeration to food preservation, Clarence Beagley, Orland Park Frigidaire dealer, today introduced to the public in this territory the complete line of 1939 Frigidaire electric refrigerators and ranges. The new refrigerator, called "Cold-Wall" represents the most outstanding engineering advance made in the caring of foods since the first electric refrigerator was placed on the market years ago.

Fundamentally, the Cold Wall model embraces two basic methods of applying the results of mechanically produced low temperatures. The cabinet is divided into two separate compartments by a "Cold Wall" shelf or partition, placed in the center and providing a tight seal on all sides. There is no connection between the two sections and there is no circulation of air from one to another.

In the center of the top section, refrigeration to this section by the standard Frigidaire freezing unit is hung in the usual manner, providing

(Continued on back page)

Mokena PTA To Show Interesting Steel Mill Movie

The Illinois-Carnegie Steel Company has donated the use of the film, "Steel, the Servant of Man" for the program after the regular meeting February 28, eight o'clock of the Mokena P. T. A. in the school gym. The film is technicolor with Edwin C. Hill, radio commentator, explaining all details.

In the picture are scenes showing the actual mining of the ore, transportation to the ore docks on Lake Superior, loading and unloading of boats, filling the blast furnaces, converting iron into steel, rolling and hammering into beams, rails, car wheels, wire, etc. These operations and many more are shown in detail with full description. Several of the scenes are taken at the steel mills, in Joliet.

The local association is particularly fortunate in securing this picture as it is booked for several months in advance so great is the demand for it by theatres, clubs, etc. It is the same picture which received outstanding comment when showing in the loop theatres in Chicago.

In order to show properly this picture it is necessary to hire an outside operator with projector to handle technicolor film and sound equipment. To cover the cost an admission of ten cents per person is being charged. Remember the date, February 28, eight o'clock. School gym.

Mokena PTA "Circus" Success

The "circus" sponsored by the Mokena P. T. A. last Friday night in the Mokena school gym was a whale of a success in every way. The various booths did a thriving business. Clowns mingled with the crowd and a gay time was enjoyed.

The stage offerings were exceptionally thrilling and packed with loads of fun. Two boxing bouts which had the appearance of professional bouts regaled the house with plenty of thrills. The first bout of three rounds of one minute each was fought by Jaw Breaker Jack vs. Dynamite Donnie from Sweden. The fight ended as a decision bout. The next on the card was a bout between Hammering Homerding vs. Abbe, the Battling Blonde. This fight resulted in a draw. The boxing judges were Elmer L. Cooper, Edward Marti and Frank Hirsch, Jr.

The Three Brats, consisting of Stokes Nebiker, Frank Hirsch and Walter Olson made a decided hit. And we must not forget the elephant who nodded answers to many questions. The singing midgets got a big hand also. Stokes Nebiker was master of ceremonies and handled his duties in a professional manner.

The P. T. A. is grateful to the public for the fine support given their undertaking.

May Revive Tinley Lions Club

A representative of the Lions International called in Tinley Park the forepart of the week with the view of reviving the former Tinley Park Lions club. The representative called on a number of the former club officers who appeared very much interested in reviving the organization.

A meeting of those interested is to be called for in the very near future and if sufficient interest can be awakened, Tinley Park Lions club may again become a reality.

Emil D. Cappel In Frankfort Road Commissioner Race

Politics in Frankfort township relating to town officers are just beginning to take form. Petitions have been circulated for Emil D. Cappel for highway commissioner and John Schultz for school trustee. Both are Mokena residents and are candidates on the Peoples ticket. It is understood that several candidates from Frankfort are also contemplating entering the race for the offices named. The annual town election will be held the first Tuesday in April.

Frankfort township has abolished the caucus system and all candidates wishing to enter the race for any town offices do so by filing petitions with the town clerk.

Fox Hunt In Green Garden Feb-22nd

The Green Garden chapter of the Will County Sportsmen's club will sponsor a fox hunt Wednesday, Feb. 22. Hunters are invited to meet at 9 a. m. at the Wm. C. Bettenhausen farm. Anyone interested in fox hunting is welcome.

Washington's Home Is Tribute To Conscientious Workmanship

Long before America's current "planned economists" were born, George Washington was carrying out a careful program of expansion and development at his beloved estate, Mount Vernon, Va. This national shrine (above) stands in tribute to the nation's first President, whose birthday anniversary is being observed locally and throughout the United States.

Col. Don C. Hall To Write About Fair

Col. Don C. Hall of the News-Bulletin staff will be our special representative at the opening of the Golden Gate International Exposition at San Francisco, Cal. Our readers who are contemplating a visit to the Fair will find much of interest in Col. Hall's letter telling of the opening and giving a description of the various exhibits and the surroundings.

Readers will remember his vivid picture of the Dallas, Texas, Fair in 1936 and the article comparing the fair with the 1933 Century of Progress at Chicago, written for and published exclusively by the News-Bulletin.

Musings of A Father

When I gaze into my child's eyes I see in him myself, far cleaner and stronger and nobler than I had imagined. I want to keep him so. I want to lead him by the hand along the path of guidance, to that land of accomplishment, strength and happiness we all set out for so eagerly when young.

Because of these desires it is imperative that I guard myself against making life too gentle for him. I must not shower him with the numerous mechanical devices which tend to serve the youth of today in place of hands and feet and brain. I must be cautious against buying his favor with trinkets or promises. These expedients will gain me a temporary advantage, but they tend toward sapping from him the ability to create and reason. Better in most cases an honestly attempted failure over a toy wagon than the most beautiful purchased model if he accepts it as his just due.

So it is best that I lead him in his fumbings. It will create in him the hard but steady lessons which will in later life come to his aid. While I am with him I can be that guide which neither school nor church nor friends can replace. We are all prone to assume that, because our child spends his day at school, he must become by mere contact with teachers and mates a good man, a good citizen and a doer of worthwhile things. On the contrary, all these institutions can give him a store of fundamental knowledge and certain rules which can be of value to him only if he knows when and how to apply them. Whether or not he does know how depends most of all on his home training.

Many parents thus let their child attain a sight of the promised land, and then, because of ignorance, lack of understanding or laziness, leave him standing before the gate unable to enter. It takes constant daily guiding in addition to love to show a boy the ways to creative effort. And so, while I am with him I am trying to be that loving guide along the road to accomplishment and happiness greater than my own. He can, then, if he has ability, go on of his own volition.

I will give him that aid he should have—but no more. I will not cripple him by overindulgence. I will show him the path to climb and start him off—but he must climb himself. I will let him set his own high goal even if I do not believe he can make the height. If I do not do these things I am failing in my duty toward him. My love is only selfishness.

I know where he will not find these aids. They are not on street corners, nor in saloons, nor in driving aimlessly about town in cars goggling at passers-by, nor in idle gossip, nor in idle dreaming. These are all ways of passing time and they leave a vacuum in the mind. They destroy. They do not arouse. He should find some of these aids to finer living and doing in the open fields, in good books, in healthy sports, in friends, in daily tasks that are not mere drudgery; in the words and actions and life of his family.

A Father.

3 In Race For New Lenox Superv.

Three aspirants for the office of supervisor of New Lenox township have filed petitions as candidates with town clerk Ceward Batson. They are: Tom Carey, Ernest Oram and Lawrence Brolick.

Jake Kramer, Jr., Marries Iowa Girl

The legion of friends of Jake Kramer, Jr., will be interested in the following announcement from Clinton, Ia.:

"Married: Feb. 14, 1939. Jake Kramer, Jr. of Orland Park, Ill., to Eleanor Grace Smith of Clinton, Ia. The newly married couple will reside in Clinton Ia., where Mr. Kramer is an executive of the local branch of Swift and Co."

Everyone in the Orland Park Community holds Jake, Jr., in the highest esteem and it is the sincere hope of everyone that he and his bride have the happiness they so readily deserve.

To Hold Caucus In Green Garden

A Republican Caucus will be held in the Green Garden town hall on Saturday afternoon February 25, at 1:30 p. m. Candidates for the offices of highway commissioner and school trustee are to be nominated. It is understood that Wm. Lorenzen and Wm. Pauling are candidates for highway commissioner and Wm. C. Bettenhausen and Geo. Bobzin are in the race for the supervisorship. Henry Baade is a candidate for school trustee.

Chas. Samuels New Head Tinley Club

The Tinley Park Civic club at their meeting Monday night elected the following officers. President, Chas. Samuels, vice-president Albert Elmore, Secretary Chas. Bockstaller, Treasurer Chas. Niemann.

The newly elected officers will be installed at the March meeting of the club.

Lent Begins Next Wednesday

Next Wednesday is Ash Wednesday, the beginning of Lent. Special midweek Lenten services will be held in most of the protestant churches in this section, up to Easter time.

Entertain At Valentine Luncheon

The Ladies Aid Society of the Mokena Methodist church entertained 85 friends at a Valentine Luncheon in the church Tuesday afternoon.

Guests were seated at quartet tables which were marked by the names of historical persons. The tables were decorated in valentine effects and made a very pretty picture. The luncheon was delicious.

After the luncheon games were played, one of which was a take off on the "Man-on-the-Street" radio skit, conducted by the president, Mrs. Fred Werner and Mrs. Stokes Nebiker who went to each table interviewing each guest which caused much merriment.

A funny play was given depicting an audition in a radio station. Much wonderful talent was discovered. Those taking part were: Mrs. Bradley, Mrs. G. Dunn, Mrs. Barney Hostert, Mrs. Roy Erdman, Mrs. Fred Werner, Mrs. Arthur Schoop, Mrs. Hugo Neithammer, and Mrs. John Balaz. About \$28 was realized.

NOTICE!

Next Wednesday, February 22, being Washington's Birthday, which is a legal holiday, all post offices, banks and other public buildings will remain closed for the day.

All news matter and advertisements which have to be mailed must reach the office of this paper by Tuesday night to insure appearance in next week's issue.

Expect Health Board O. K. on Mokena Water Project

The much discussed approval of the state health board relative to the extension of the Mokena Water mains on Wolf road came up for a final hearing at a special meeting of the village board held Wednesday evening. A representative of the state board of health was present as also was Robt. A. Bechstein. The health board representative stated that the board had made a ruling that they would not approve water main systems where an outside toilet pit was within 150 feet of the well supplying the water for such a system.

It was shown that in the case of Mr. Bechstein his property adjoins the village hall lot and that an outside toilet pit on his property is less than 150 feet from the village well. Mr. Bechstein stated that in order to abolish this outside pit he would have to remodel his home in order to build an inside toilet which would subject him to a very heavy expense which he did not feel he could incur at the present time.

It was then shown that there is a hard clay formation throughout this section, blue and yellow clay, found at a depth of only a few feet and it was further pointed out that the village well is over 324 feet deep and sealed the entire depth in a steel casing. In view of this the state board representative felt that there was hardly any danger of water contamination and said that he would recommend to the chief of the state board of health that no alterations on the Bechstein property would be necessary. He further stated he expected to have the state's decision on this matter by next Monday.

Gleaners Hold Lecture Meeting

A Gleaner District Lecturer meeting was held at the Woodruff Hotel in Joliet, Wednesday evening, Feb. 8. Dinner was served at 6:30 to the following: Mrs. Nellie Goodknecht, of the Lecture Bureau department, Mrs. Guy Everton, Mrs. Wills, Mrs. Ayers, Mrs. Bohles, Mrs. Ida Russell, Mrs. Clarence Sorenson, and Mrs. Fred Blodgett, representing the lecturers of the various arbors in the district. H. H. Hackett, state manager, and J. R. Liest, district manager.

After the serving, Mrs. Goodknecht gave a talk outlining the work for the year, and stressing "Friendliness" as the keynote. Remarks were given by all present.

Literature was handed out to help in planning programs. It was decided to have a "Lecturer's club" to meet every three months for the purpose of discussing programs and anything pertaining to a lecturer's duty. The first meeting is to be held in the home of Mrs. J. R. Liest, in Joliet. Mrs. Guy Everton assisting.

Scrap Books were given each lecturer for the purpose of entering a contest for which three prizes will be given.

Attends Convention

Henry Lunhring, manager of the Frankfort Grain Co., and several other members of the concern attended a grain dealers convention held in Peoria the forepart of this week.

Farmers find this Bank a Friend . . .

The FARMER today needs a good bank almost as much as he needs a barn, silo or a windmill.

For years this Bank has tried to be a real friend to the farmers of this section. We are familiar with the people and the country around here. We are interested in doing all we can to promote farm prosperity.

We invite you to use our banking facilities as a help to greater security and increased profits.

ORLAND STATE BANK

We offer a complete banking service

RETURN FRANCIS AS SUPERVISOR SAY SUPPORTERS

New Lenox township is facing a spirited political battle for town offices this spring. A great deal of interest is being taken in the coming caucus to be held on Saturday, February 25, for nominating candidates to the offices of supervisor, highway commissioner and school trustee. Fred A. Francis, the present incumbent, will again be a candidate for supervisor. Friends of Mr. Francis are very much interested in his candidacy pointing out that during his term of office he has accomplished many outstanding and important projects for the benefit of the community.

Mr. Francis has served as head of the good-roads committee of the county and was instrumental in getting important paved highways for his township. Two of these improved roads being Washington street and Cedar street. A new bridge over the Hickory creek at New Lenox. A total of over \$300,000 has been spent on paved roads in this township. By the construction of Cedar street, Maple road on Southwest highway is connected up through New Lenox to the Lincoln highway. Mr. Francis has always endeavored to serve his community to the very best interests of the tax payers and his supporters feel that he should be returned to the office of supervisor. He has also handled the local relief problem satisfactorily and many other matters in which he has always had the best interest of his community at heart.

In view of his excellent record the supporters of Mr. Francis urge the voters of the township to consider these factors when they go to the caucus next Saturday, February 25, and by doing so they will do a good turn for the township as well as themselves by renominating and re-electing Mr. Francis as supervisor.

Feb. 28 Vehicle Tax Deadline

The Mokena village board has set Feb. 28th as the deadline for the payment of 1939 vehicle licenses. If licenses are paid by that date they will be discounted and the fee will be \$3. If licenses are not paid by that date a fee of \$5 will be charged. Buy your license and save \$2.

Critically Ill

Rev. Mr. Roesener, aged 86 years is critically ill in his home in Mokena with pneumonia.

PUBLIC SALE

Edw. Schmaedeke, Auctioneer
Feb. 17—M. Dyrstra, Matteson.
Feb. 27—Blanche Bolin, Frankfort.

March 4—Dominick Gumbo, Chicago Heights.
Erickson & Schmaedeke, Auctioneers

Feb. 24—Father and Son banquet, Marley Church.

MOUNTAIN MAN

A Banner Fiction Serial
By HAROLD CHANNING WIRE

© H. C. Wire—WNU Service

SYNOPSIS

Jim Cotter, forest ranger, had been mysteriously killed in the pursuit of his duties. Gordon Breck, his best friend, takes over Cotter's job, hoping to avenge his murder. "Dad" Cook, forest superintendent, warns Breck that the Tillson brothers, mountain moonshiners, are apt to give him trouble. Before leaving for his mountain station, Breck buys an outfit and decides to attend the public dance run by the Tillsons in Lone Tree. At the dance Breck dances with Louise Temple, pretty "cowgirl" for whom he takes a liking. Unknown to Breck, she is being courted by Art Tillson, youngest of the three Tillson brothers. Angered by Breck's attentions to the girl, he picks a fight which ends indecisively when someone sets fire to the hall. Breck and his chief set out for the mountain station. Halfway, they are met by Sierra Slim, moss-back mountaineer who is also in the forest service. Around the campfire that night, Breck learns from Sierra that tracking down Jim Cotter's murderer must be done cautiously and by devious methods. Cook, Breck and Sierra continue their ascent of the mountains. Stopping to rest, they sight the Tillsons, returning to their hideaway. Next day, Cook sends Breck and Sierra in one direction to repair the telephone line, while he takes another. Over the campfire at night Sierra tells Breck more about Louise Temple.

CHAPTER VI—Continued

"You'd say Louy belongs here," Sierra explained, "because you found her here. That kid's a thoroughbred. Let me tell you. There's been four generations of Temples grazing their stuff on Temple Meadow. Then along came a girl and the old man tried to make her over into a boy. Didn't work at all. Louy went to school and got ideas about paintin' pictures and then told Tom she was clearin' out, goin' to the city and learn more. She did too, went plumb to New York—studying. I seen some of her pictures and they're pretty, sure enough.

"Then two years ago her old man got her thrown and is crippled for the rest of his days. Did Louy keep up her fight with him? Not any! She ain't scrappin' a fellow when he's down. That's why she's back here, ridin' range the way Tom has always wanted her to ride. But the poor kid! God, I know she's given up everything!"

Breck sat with thoughts flashing back to reconstruct their meeting at the dance. Again he heard Louise say, "I hope we Rubes haven't disappointed you." Now he began to realize her meaning. He had taken too much for granted that night.

"Will she be up here?" he asked.

"Yep; with the drive on the fifteenth," Sierra's gaze speculated upon him for some time. Suddenly he said, "You know, you ought to marry that girl! Yes sir, you two would mate right well."

Breck laughed. Sierra's putting it like that gave him a queer start. He shrugged to pass off the feeling. "What about Art Tillson, Slim?"

"That's a fact. She favors him some."

"Can you tell me why?"

"God knows. Unless she thinks she can help him. Art's in the wrong corral."

From what Breck had seen he considered young Tillson the same sort as his two brothers. He said so.

"You haven't studied 'em enough," Sierra asserted. "Ain't none of them three alike. Jud, he's a fightin' man and don't claim to be nothin' else. I can't help but admire that sort. Hep, he's the skunk. Sneakin', low-down in every way. Art's just a kid, and if he had a chance he'd make a good straight cowman. He don't know it himself. Right now he struts around and feels important as part of the Tillson gang, but there's something under all that. Look at his eyes, close, next time you come together."

For an hour Breck lay back on his saddle, while Sierra Slim, talking on, looked deep into the lives of mountain folk and saw there traits that they themselves might not understand.

They reached the end of their line at Kern River, and swinging back, turned toward headquarters station by way of Sulphur Creek.

Most of the return line was badly down, delaying them past the allotted week. It was the twelfth of June when they rode into headquarters.

"Breck," Cook said over the table that night, "you can figure on moving to Rock House day after tomorrow. That's the fourteenth, just one night ahead of the cattle drive. Sierra stays on patrol here. Tomorrow the Kern Peak lookout will be coming in. You and Slim will pack him to the top."

It was a lean-bodied man with iron gray hair that rode into headquarters the next morning astride a government mule and leading two packs.

"Hello, Donny!" Cook hailed him, then introduced him to Breck. "This is Donaldson, the man who spots fires for you to fight. You'll cuss him out plenty before the season ends!"

Donaldson swung from his mule. Breck looked into eyes as cold and keen as steel bullet points. The man had a hermit's brown expressionless face, and his voice was thin from long disuse. "Howdy," was his only remark.

He prospected on the desert, Cook

had explained, spending the winter there alone, and each summer came onto this even more lonely lookout post.

CHAPTER VII

There had been some thunder during the night, and as Breck threw back his tarp at dawn, a storm threatened south over the country into which he was to move. A cloud curled through the morning sky like a black fist with forearm resting on the eastern summit. It expanded quickly. Pink flashes played on the upper side. By the time he had wrangled up his animals and was ready to pack, that one cloud covered the whole range.

"Sharpen up your axes and inspect your tools first thing," Cook advised him. "There's fire up yonder, though this is pretty early for lightning to strike us."

Breck's start was later than he had hoped. Ascent was slow. At noon he ate in his saddle, pushed on until he crossed the divide, and about three o'clock halted to scan the new country.

It was not an inviting area. From this view it was apparently impassable, except afoot, where a man must go over the cliffs on ropes and trust to luck. Yet the Tillsons used it, and they were not walking men. Breck unfolded his contour map,

he found a white patch of Goof's tarpaulin. Nearby was one small hoofprint.

He followed on. Black night came before he passed a growth of yearling pine and glimpsed ahead the open space of a meadow. He dismounted, tied Kit and continued on afoot. Where trees ended and grass began, something sharp struck his arm. He leaped back, gun drawn, then realized it was the barbed wire of a fence.

That meant a pasture and perhaps a cabin. He was rain-soaked; the wind now was close to freezing. Deciding to leave his horse hidden in the trees, he moved on alone. Half an hour of feeling along the fence brought him to a corral. Beyond loomed a small log house.

It was deserted; even from where he stopped he could make out the door swinging on a loose hinge. Yet he approached with gun ready and stood near the casement before peering in. When he struck a match the room showed wet and empty.

In the flash of light he looked into all corners, then to the ceiling. Small logs placed across the beams formed a loft that dripped with water from a poor roof. The whole place was flooded, but offered shelter from the wind, and there was an iron stove at the further end.

Suddenly he paused in his search. Something in the wind? Its moaning

This one spoke abruptly. "He ain't here yet."

Reply came in a low mutter from beyond the doorway. "We can wait. Let's get in out of the rain."

Breck knew this last was Jud Tillson.

CHAPTER VIII

The horses thumped on again. Presently there sounded the creak of a corral gate being opened and closed. Then both men returned to the cabin.

"Hell of a night," one began. "He ort to be here. Ain't no—"

"Shut up your grumbling and rustle some wood!" This was Jud again.

The other tramped out. The cabin was as quiet and dark as if deserted. Breck peered through the crack between loft poles, knowing he was within a yard or two of the man down there, yet could see nothing. Clumping of boots returned. Wood crashed down. Stove lids rattled. A match flared and soon after that the room was flooded in red light, for the men left a lid off and warmed their hands over the open flame.

In a moment, when they took off their hats, hanging them to dry on pegs behind the stove, Breck had his first full look at Hep.

His head was bent a little, but his face was clearly revealed in the firelight. Dark hair fell in strings over a flat, narrow forehead. He had the same thin features as the other brothers, yet weaker than theirs, with a loose, puffed-out mouth.

Both men stood through a time of silence. Hep spoke first, sullenly. "He ortn't keep us waitin' like this!"

Jud said nothing.

"Maybe he ain't goin' to come at all," Hep persisted.

"I told him to," Jud answered.

"Yeah, but Art's gettin' damned independent these days. He needs a good handlin'."

"Whatever Art's getting is none of your business," Jud said evenly. "And if any handling is to be done, I'll do it. See?"

Hep's gaze shifted before his brother's. His loose lips opened, closed. He glowered as he rolled a cigarette.

Rain leaked down upon Breck's back, trickled along his sides and fell through the logs where he lay. Not much of the stove's heat came up to him. His outstretched arms grew numb.

He was certain that more than an hour passed. Jud and Hep smoked, stamped their feet, said nothing, until abruptly Jud threw down his cigarette.

"Cover the stove!"

The lid slipped over the hole. Instantly the room was dark. Breck heard the men move outside and took advantage of that to shift his body.

Soon a low whistle came from the distance.

Jud spoke from close beyond the door. "All right, Art. We're here."

He and Hep returned, followed in a moment by the brother who pushed back the stove lid as they had done, swung the rain from his hat and hung it on a peg.

"Well," Jud asked at once, "did you?"

"I stopped him—yes."

"What do you mean—'stopped him'?"

"Just what I say. I turned him from Sulphur. His packs broke loose and God knows where they led him."

"You dam' fool!" Hep cut in. "You didn't get him!"

Breck saw Art's young face, red above the stove, harden in scornful lines. "I ain't shootin' in the back," he sneered. "Like you do!"

(TO BE CONTINUED)

They reached the end of their line at Kern River.

reading the lines that denoted the meadows and canyons. At Sulphur Creek was a blank patch marked "Unsurveyed."

He thrust the map impatiently into his pocket. Time was too short today for a ride very far down, but then, gauging with his eyes, he picked up a transverse ridge that left the bank of Sulphur Canyon a short distance below its head, and turning south dropped toward Rock House. It looked like an easy route. He could explore a little of the country down there, then follow the ridge back to his main trail.

Goof objected. Breck took a loop of the lead rope around his saddle horn and snaked him. Soon they were sliding from the summit on a long swale of loose rock. Upon reaching the canyon he entered abruptly into twilight.

Presently he came to a small, yellow-crusted pool. A little further on a waterfall blocked the canyon bottom, forcing him to dismount and lead his train to the next level. When he mounted again, Goof suddenly threw up his head and faced the opposite bank, ears pointing. Breck let himself back to the ground.

He stood tense, watching across the hollow of his saddle. Nothing showed in the pines. Only a far-off roar broke the silence. It sounded like another waterfall, yet it grew louder, approaching from above. Abruptly a new note joined in; a wail that rose and diminished. Black clouds resting on the canyon top began to flow like a river down between the walls. The roar increased, though muffled still, as if all the winds of the heavens were penned behind great doors that were about to be swung wide.

Again Breck raised himself to his stirrup. The sharp crack that sounded instantly might have been the first charge of thunder, save for the whine past his head. He dodged. The lead rope burned through his hand as Goof reared. Custer lunged with him. They broke away together, bucking at their packs as they raced down the canyon.

Kit showed his mountain breeding. He lowered his head and stood motionless as Breck leveled his gun over the saddle and aimed at a rock where he had caught a flash of fire. But that first shot was not repeated.

Their trail was distinct for half a mile, but soon rain broke in spouts and after that he rode by chance, hoping to find his mules in a meadow or halted with lead ropes tangled in down timber. He saw nothing until, having descended to a shelf,

had changed. He stood motionless in the dark. Then the sound came again. Hoofs thumped on the soggy earth.

He judged two animals. It might be his packs coming toward the meadow. But then above the splash of rain about the cabin, he heard a man's muttering. Instinct carried him a step closer to the door, away from the confining walls. Then he halted. The thud of approach outside was too near. Another muffled voice joined the first.

Though the tones were indistinct, he could guess the owners. This was Tillson country. That shot awhile ago told plainly enough what had brought them out tonight. He glanced to the left and reached up instantly as a dim shape moved out there in the dark. Tumult of the storm covered the noise as he sprang, caught one log, and drew himself across the others that formed a crude floor. Face down to the cracks, he lay for a breathless moment while the thud of horses' hoofs ended and a man came in below.

Bell Presented to Illinois Church by King of France Towed Up River by Hand

Closely associated with the early history of Illinois is an old church bell, cast in the year 1741. It was presented to the congregation of the Catholic church at Kaskaskia by the king of France. It required two years' time for the bell to make the journey from France to Illinois. It was shipped to New Orleans, and from there it was towed up the Mississippi river by manpower, the men walking along the river bank and pulling by ropes the raft containing the bell.

The historic bell, whose mellow tones were the first of the kind to be heard in the Upper Mississippi valley, weighs 650 pounds and is 22 inches high. One side is ornamented with the royal lions of France in relief. The other side bears a cross and pedestal, the top and arms of the cross terminating in grouped fleur de lis. The bell also carries the following inscription in French: "To the people of Illinois country for their adoration."

Since its arrival at Kaskaskia nearly two centuries ago, writes an Ava, Ill., correspondent in the St. Louis Globe-Democrat, the bell has served under the flags of France, England and the United States.

Doubtless one of the most dramatic events associated with it occurred on the night of July 4, 1778, when Kaskaskia was captured from the British by Col. George Rogers Clark.

Because of his small force, Clark was compelled to terrorize the citizens of Kaskaskia and they were made to believe that a horrible fate awaited them. On the following morning a mournful farewell meeting was held in the church, after which several prominent members of the congregation called on Clark and informed him they were ready to meet their doom. The officer then deceived them by disclosing his true intentions. He also assured them they had nothing to fear if they would support the American cause. In his memoirs Clark states that this announcement turned sorrow into great joy and an elaborate celebration was held. On this occasion the bell pealed forth "long and loud."

Has Largest Collection of Books

The Congressional library at Washington, D. C., is said to have the world's largest collection of rare and early books for children.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for February 19

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

BEVERAGE ALCOHOL AND ITS SOCIAL PERILS

LESSON TEXT—Amos 6:1-6; I Peter 2:11.

GOLDEN TEXT—It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth.—Romans 14:21.

"Hazards in the use of alcohol in a machine age"—this is the topic assigned for our lesson today. It is a good one and worthy of the careful thought of every intelligent citizen. With automobiles alone killing over a hundred persons a day, and the obvious connection between alcohol and death on the highway, we might say much about the folly of trying to cut down traffic accidents while we are licensing more and more "taverns" along the road to fill the drivers with the destructive stuff.

There is much that might be said about the social havoc that is being wrought by alcohol. It is bad enough that a man pays 25 cents for a drink, but even worse, that he gives 25 minutes of his life for each indulgence. But the liquor industry covers that up under a mask of festivity, making booze look like a desirable adjunct to congenial and successful living. It does not picture the bleary eye and the babbling tongue of the drinker, nor does it present the broken-hearted mother, the devastated home, the ragged children, and the empty cupboard. Liquor is one of America's major problems. Let us face it.

The Scripture portions assigned for our lesson rightly emphasize fundamentals, the first being a call to awake from a false sense of security, the second emphasizing that this is a spiritual battle, and the third pointing the way of victory as being in holy living.

I. Foolish Security When Surrounded by Danger (Amos 6:1-6).

Surprise attack is always effective. Satan would lull us all to sleep in the assurance that "God's in his heaven—all's well with the world." God is in heaven and it is certain that ultimately He will reign over all, but just now the world is in the hands of the Wicked One (I. John 5:19).

The people of Amos' day, to whom the message was addressed, had come to the point where prosperity had made them at ease when they should have been active, foolishly secure when they should have been sacrificially serving their fellow men who were in need. The picture is astonishingly up-to-date. Today in our own land the Gold Coast and the slums rub elbows, but few of those who have plenty are concerned about those who have not. In the eyes of most people the purpose of gaining possessions is to relieve one from the necessity of work and to enable one to evade life's responsibilities.

America needs to awaken to its dangers, and we repeat that not the least of these is the liquor question. We must either win a victory over it, or it will destroy our people.

II. Spiritual Warfare—While at Peace with God (I. Pet. 2:11, 12).

"Fleshly lusts, which war against the soul" (v. 11) are the object of serious concern on the part of every sincere Christian. There is a battle on, and the enemy of our soul knows how to make the abuse of the normal impulses and appetites of man his strong ally. The rush of modern life, the increasing use of stimulants, both natural and artificial, the very luxury in which many live, these things tend to give the flesh and its desires undue prominence, and not infrequently cause even God's children to fall into sin.

We are called to a holy warfare, but that does not mean that we live in a constant turmoil. We are, after all, pilgrims and strangers in this world. Our citizenship is in heaven (Phil. 3:20) though we live on earth. In the heart we have peace, and that enables us to fight a good fight against the world, the flesh, and the devil.

III. Willing the Will of God in a Self-Willed World (I. Pet. 4:1-5).

Essentially there are two opposing principles operative in the lives of men—we either are controlled by God's will, or by self-will. The flesh is really man's personality controlled by his own self-will. It results in the kind of life described in verses 2 and 3. When a man becomes a Christian he should move over into the will of God.

Such a man may be regarded as strange, but as a matter of fact, men will recognize his godliness (see I. Pet. 2:12). Dr. Will H. Houghton tells of "a soldier who ultimately was made a Christian believer through seeing his companions make fun of another soldier, who was a believer in Christ. The thing that impressed him was the fact that though they made fun of this man, they left their money in his possession for safekeeping!" Do we have that kind of a testimony?

When He Doesn't Worry

His Satanic majesty never worries about the man who has come to the conclusion that there is no devil.

CLASSIFIED DEPARTMENT

OPPORTUNITY

FARMER WANTED

To handle our farm feed business in his home locality. Good paying proposition for man with farm acquaintance. Product has excellent background and sells readily. It will pay you to write Dave Peck, Salesmanager, 319 E. 4th St., Des Moines.

Little Man Found More Trials Were to Come

A big man and a little man were having an argument on the bank of a canal. They got very hot about it. At last, the big man said, "I could pick you up and throw you across the cut."

The little man replied: "You couldn't. I bet you a dollar you couldn't."

The big man said, "Done," picked him up, whirled him round, and pitched him right into the middle.

The little man scrambled out, and said: "Where's my dollar?"

The other replied: "Dollar be blowed. I'm going to do it if I stay here all day."

Forgetting those things that are behind I press on.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

"Look, Junior! Here's a little green snake!"
"You better look out," cautioned Junior, "it may be just as dangerous as a ripe one."

THE WORLD AT ITS WORST

By GLUYAS WILLIAMS

First Aid

To Cold Sufferers

These Pictures Tell You What to Do for Amazingly Fast Relief

1. To ease pain and discomfort and reduce fever take 2 Bayer Tablets—drink a glass of water. Repeat in 2 hours.

2. If throat is raw from cold, crush and dissolve 3 Bayer Tablets in 1/2 glass of water... gargle.

Just Be Sure You Get Genuine BAYER Aspirin. You Will Feel Better in a Hurry

The simple way pictured above often brings amazingly fast relief from discomfort and sore throat accompanying colds.

Try it. Then—see your doctor. He probably will tell you to continue with the Bayer Aspirin because it acts so fast to relieve discomforts of a cold. And to reduce fever.

This simple way, backed by scientific authority, has largely supplanted the use of strong medicines in easing cold symptoms. Perhaps the easiest, most effective way yet discovered. But make sure you get genuine BAYER Aspirin.

TINLEY PARK

The Royal Neighbors met Tues-
day evening for their regular and so-
cial meeting with 50 members being
present. The new Officers took their
stations for the first time since in-
stallation. The Oracle, Neighbor
Chapman announced she would have
a pink tea at the end of six months
for all officers and members who
would have 100 percent attendance
record. The Oracle, Receiver and Re-
corder will attend a school of in-
struction in the Morrison Hotel this
month. Bunco was played following
the business and a delicious lunch
was served in keeping with St. Valen-
tine's Day. Mrs. Ethel Wannema-
cher received the Mystery package
brought by Mrs. Maurin. The even-
ing's hostesses were: Neighbors Al-
ma Funk, Ann Funk, Sylpha Johnson
and Samuels. All Neighbors are urged
to attend the next meeting on Feb-
ruary 28 as Dr. Beifield will give a
stereopticon lecture on diseases of
all ages. It is a most interesting and
instructive lecture.Mrs. John Boeyer left Wednesday
evening to spend a two months visit
with her son who is a movie actor at
Hollywood, Cal.The Tinley Park Bunco club played
at the home of Mrs. A. Mesen-
brink Thursday.The installation of officers for the
Women's Benefit association, Review
No. 160 was held at the school hall
Thursday evening, Feb. 9th. Guest
officers from Review 72 in Chicago
who acted as ladies of ceremonies,
were Mrs. Belle Hendricks and Mrs.
Hamilton, also Mrs. Christaense ac-
ting as chaplain for the evening.
Flowers for the occasion were given
by Mrs. Murphy, and a lunch was
served by the refreshment committee
Mrs. Hatt, Mrs. Dunham, and Mrs.
Isaiah. Mrs. Dunham will be the
new president for the year.The following were Sunday guests
at the Clive Hollstein home: Mr. and
Mrs. Hans Reiner and Mr. and Mrs.
Arthur Hillendorf and families of
Oak Lawn, and Mr. and Mrs. Harry
Berenz.Rev. Weinrich's mother, Mrs.
Lydia Weinrich and son George and
family of Norwood Park spent Sun-
day afternoon in the parsonage.Ruth Henke has returned to work
after a week's absence due to illness.
Earl DeVol and Miss Bernice Ol-
sen spent Sunday with his parents,
Mr. and Mrs. Arthur De Vol.Mr. John Laun returned this week
from Knox, Indiana where he had
been visiting with his sister.Rev. and Mrs. Loepfert, former
pastor of the German M. E. church
were guests in town Tuesday, visit-
ing with their many friends and at-
tending the Colonial Tea in the
Methodist church.Mr. and Mrs. C. Bettenhausen, Mr.
and Mrs. Lloyd Wilbur and Mr. and
Mrs. Harry Keuch and families wereguests Sunday in the Conrad An-
dres home.Sebastian Andres returned to work
to Sylvia, Ill., Saturday.Chas. James and Percy Jochum
who have been confined to their
homes with colds, have both return-
ed to their work.Rev. and Mrs. Weinrich were din-
ner guests Thursday evening of Dr.
and Mrs. Leiffert of the Garret In-
stitute, at Evanston.Mr. and Mrs. Donald Holt and
daughter Mercia, former Tinley Park
residents, spent the week end here
in the Wm. Chappell home.George Schanz returned to his
home after spending six weeks in the
Alexian Brothers hospital. He is re-
cuperating nicely.The Sunshine 4-H club and friends
gathered at the Steinbarn home Sat-
urday night for a valentine party.
The girls came all dolled up in ging-
ham dresses, the boys wearing over-
alls. Mrs. Fred Stuckey was asked to
be master of ceremonies. Wow,
what a hit she made. She had made
up side splitting valentine verses
used in some of the games and ex-
plained how valentine's day originat-
ed. She also led humorous valentine
games, singing, square dancing and
virginia reel during the evening.Erwin Weile was elected postmas-
ter with his two little mail carriers,
Mildred and Arthur Steinborn, the
valentines were distributed. Many a
heart skipped a beat as they were
opened.The height of the evening was
reached when Bernilda Stuckey
played her piano accordion and
dancing began. Oh what dancing.
Even those who hadn't danced before
did some fancy stepping. No wall-
flowers in this party. When they
were finally convinced, a delicious
lunch was awaiting them, time was
taken out to eat, after which the
dancing continued till Elmers' gum
supply was gone and Bernice refused
to play without it. Some also had to
go home so they'd get there in time
for milking. No hat was in sight so
Dorothy's shoe was removed and nos-
es held while it was passed. The shoe
and its contents were then turned
over to Bernice for being so consider-
ate and patient to play just one
more piece all night.They departed singing, "Good-
night Ladies" and were very grate-
ful to Mr. and Mrs. Steinborn in
their kindness for offering their
house for the party also Mrs. Stuckey
for being such a wonderful master
of ceremonies.A flu epidemic is prevailing in the
community. There are quite a num-
ber of cases. Among those on the
sick list are Mrs. Herman Oetjii, C.
Andres, Wm. Schultz, and the H. F.
Brueggemann family.Robert Hohenstein moved Wednes-
day on the farm recently vacated by
George Bettenhausen.

AUCTION SALE

News From Springfield

By Bernice T. Van der Vries
Representative, Seventh Senatorial
District General Assembly of
Illinois

The House of Representatives picked up considerable life on Wednesday after the dullness of Tuesday's session. In fact, Tuesday was so dull that many of the members who had work to do at home in their efforts to support themselves and their families took the late afternoon trains home in the belief that little business would be transacted because so few bills were on the calendar at passage stage. They did not count on the meeting of the appropriations committee throwing a bombshell into the Republican side of the House. The activities on Wednesday came about as the result of the poor showing made by the Republican members both in attendance and in votes in the meeting of the Appropriations committee on Tuesday afternoon. With the minority party so far as attendance was concerned in control, the hearing on the biennial appropriation for the Auditor of Public Accounts resulted in the favorable report of the committee after a completely disorganized vote of the Republicans.

It's a Scramble

When the result of the hearing became known to the leaders of the Republican side, who had been announcing that cuts were to be made in all appropriation bills wherever possible, and when the indignant protests of the Republicans who had tried to hold down the measure in the committee for further study but who were out-voted by their fellow Republicans circulated through the State House and hotels, there were conferences held by the Speaker and Majority floor-leader during most of the night. Rumors were abroad that the Democratic leaders had planned originally to have all appropriation bills originate in the Senate which they controlled but that the Auditor's Bill was hastily called in the House committee to test out the Republican strength.

As the result of the conferences, a resolution was introduced by Majority Floor Leader Branson on Wednesday morning which called for a sweeping investigation by a committee from the House or all departments and agencies of the State. Unfortunately for the resolution the Republicans could not produce the necessary 77 votes for a suspension of the rules so that the resolution could have immediate consideration. After a thirty-minute recess during which the Executive committee reported out the resolution with recommendations for its adoption, the House fought itself in such a parliamentary scramble that it was decided that the best way out was to hold over the vote on the resolution until Tuesday, February 14. The whole affair is probably typical of future battles in the House which is so evenly divided as to political parties. The Republicans have two members seriously ill and thus their membership at the present is reduced to 77, the exact number required for majority votes.

Bills continue to pour in on every subject. Each week I shall attempt to list a few of general interest.

Conservation Bill

Members of the numerous garden clubs and chapters of Izaak Walton leagues in the Seventh district are interested in House Bill No. 221 introduced this week by Representative Jack Palmer of West Frankfort which sets up a Conservation commission and abolishes the Conservation department. Members of the commission would serve without pay and the commission would appoint the director to carry out its policies. Employees of the commission are definitely prohibited from participating in political campaigns. The Bill was referred to the Committee on Efficiency and Economy and not to the Conservation committee of which Mr. Palmer is the chairman.

Perhaps the same groups which are interested in the Conservation commission will be interested in House Bill No. 193 introduced by the representatives from the Peoria district which authorizes cities of less than 500,000 population to create Shade Tree commissions which may levy a tax of one-half mill to carry on their work.

Publishers Want Laws

A series of bills sponsored by the newspaper publishers of the state have been introduced by Representative Nownan of Toulon and Representative McGrath of Congress Park. The bills bearing the numbers 213-217, inclusive providing for the publication of legal notices in the townships in which the legal action originates.

There will probably be a hearing next week on the Pelka Bill which specifies that there must be a flag in every school room, of not less than eleven by eighteen inches in size, of allegiance to the flag by all pupils. This measure applies only to public schools. The hearing had been scheduled for Wednesday in the Committee on Education, but was postponed.

Women on Jury Bills

Women on Jury bills were reported out of the Senate Judiciary committee last Tuesday with favorable recommendations. An active campaign in their behalf is being waged by women's organizations in the state.

City Manager bills have been introduced in the House and organized labor continues to be the most violent opposition if the Representatives may judge by their mail.

Many of the members who have introduced bills at the request of various organizations are beginning to worry over the fact that their independence is being taken away in the matter of voting their convictions on measures which they believe unsound. Other members are trying to maintain their independence by introducing few bills as the amount of trading necessary to secure votes on bills is well known in legislative procedure.

FRANKFORT

Mrs. Herbert Kohlhaugen

The banquet given in the St. Peter's Evangelical and Reformed church on Wednesday, February 8th, was enjoyed by all present. Rev. Kronin of Chicago gave an interesting and educational message. Musical numbers by the choir and comments on the work of the different organizations were added features.

This event should be a good inspiration to the Kingdom workers.

Mr. Carl Kolsted, who is the janitor of the St. Peter's Evangelical and Reformed church, is improving from an illness that has kept him from his duties.

Mr. Fred Halfka is recovering from an illness he has been suffering with.

Jackie Heisner returned on Saturday, February 11, to his home after having undergone an operation for appendicitis in Manhattan.

Mr. and Mrs. Pickrel and family have moved into the Bettenhausen home which was recently vacated by Mr. Hill.

Mr. Edward Warning entertained the members of the Pigeon club in his home on Thursday February 9.

The Amite Sewing club will be entertained on Tuesday, February 21, by Mrs. John Weitendorf.

Miss Lola Harnack will be hostess to the "Bachelor Button club" on February 21.

Mrs. Conrad Sangmeister entertained the members of the Skillet club of Joliet in her home on Feb. 8.

Mr. and Mrs. Bartel Heisner, Mr. and Mrs. George Kratzenberg and family and Mr. and Mrs. Conrad Sangmeister spent Sunday with Mr. and Mrs. John Hossbach in Joliet.

The Ladies' Aid of the Evangelical and Reformed Church will have their devotional and business meeting on February 23rd at 2 p. m. This will be followed by a hot meal served by the following members: Mesdames William Engelmann, William Breidert, Henry Harnack Minnie Kleper, Herbert Lambrecht, Fred Heuser, Conrad Oetter, Orville Hohenstein, Jacob Feil and Frank Marti. A play, "A Correspondent Wanted", will be given in the evening. All are asked to come and enjoy a family night.

The Lenten services of St. Peter's Evangelical and Reformed Church will be conducted every Wednesday evening during the Lenten season.

Bowling News

Frankfort Tavern bowling team defeated Homewood Sunday, February 12.

February 12th, the following scores were the result:

Frankfort Taverns

Raffa	171	133	165
Mager	156	140	145
Harnack	138	135	149
Briedert	173	172	192
Schroeder	173	148	193

TOTAL—2383

Homewood

Louie	126	148	152
Wally	161	167	156
John	190	162	171
Tom	134	104	145
Doc	190	181	171

TOTAL—2358.

Next week they will travel to Manteno.

REGULAR RECHECK WHEAT UNDER LOAN ON FARMS PLANNED

Reinspection of wheat in farm storage on which commodity loans have been made will begin as soon as possible following a 30-day period after the first inspection, according to Byron Gaskill, chairman of the Will county agricultural conservation committee.

"Periodic inspection will be necessary in order to determine whether the wheat in farm storage is maintained in the same quantity and quality as it was when the original inspection, sampling, and grading took place," Mr. Gaskill stated. Reinspection will be made by the county wheat loan supervisor or inspector.

Representative samples of the wheat in the bin will be carefully examined to determine whether insects are present or the wheat is undergoing damage from any cause. If the wheat is in sound condition the bin will then be resealed under the same seal number formerly used. Where there is a question as to the condition of the wheat, a sample will be sent to the State agency for grading.

Where wheat is plainly going out of condition, the farmer will be notified and will have an opportunity to fumigate or recondition the wheat. Another inspection will be made a week after this notification to determine whether the grain is in condition for resealing under the original seal number.

A report will be made to the loan agency of the Reconstruction Finance Corporation on all reinspections.

Unemployment Compensation

Third in a Series of Five
Weekly Articles on What Unemployment
Compensation Means
to Illinois Workers

Cash benefits to unemployed persons from Illinois Unemployment Compensation Trust Fund, payable after July 1, will be limited to those workers who have earned wages in "covered" employment in this State. That is, only those who have worked for employers who were required to make contributions for their workers under the Illinois Unemployment Compensation Act. Benefits are based upon past earnings and claims will be paid on the same principle that regulates the payment of life, health or accident insurance claims. One difference, however, is that employers are required to insure their workers, and that the State—not a private insurance company—handles the payments.

In order to be eligible when benefits are payable after July 1, 1939, a worker must, first of all, be unemployed at the time he files a claim. He must also have been working in covered employment—that is, he must also have been insured by his employer—at some time since July 1, 1935.

Merely being in covered employment at some time since July 1, 1935, however, does not guarantee the worker's eligibility. To become eligible he must have earned, during a specified time, or "earning period" which is called the "base period", a certain minimum amount. This base period, for those who apply immediately after July 1, 1939, will be the period between January 1, 1938 and March 31, 1939, a period of five calendar quarters. Wages earned during this period will be used to determine eligibility, and both the amount and duration of benefits.

Employers, in paying their contributions, are required to file wage records showing the exact amount earned by each employee during each calendar quarter. There are four calendar quarters a year. The first quarter consists of January, February and March; the second, April, May and June, etc. Workers should keep individual wage records of their own as a check against the record submitted by their employer.

Eligibility will depend upon the following:

1. A worker must have worked in covered employment at some time

since July 1, 1938.

2. He must be registered for work at an office of the Illinois State Employment Service.

3. He must file a claim for benefits.

4. He must be available for and able to work. (He is required to accept suitable employment when offered by the Employment Service.)

5. He must have a waiting period of three weeks.

6. He must have earned 16 times his weekly benefit amount in the first three of the last four completed calendar quarters.

This last eligibility test will be made as follows:

First, the weekly benefit amount must be determined. Find the calendar quarter in the "base period" during which wages were highest (but do not count more than \$390). Divide this by thirteen (the number of weeks per quarter), to get the full time weekly wages. The weekly benefit rate will be one-half this amount. Suppose the highest quarterly earnings were \$260. The full time weekly wages would be \$20, the weekly benefit would be \$10.

Second, to the eligible for benefits a worker must have earned 16 times this benefit amount in the first three of the last four completed calendar quarters. In the case cited above, should this worker apply for benefits during July, August or September of 1939, he must have earned 16 times \$10, or \$160 in the period between July 1, 1938, and March 31, 1939.

A worker must pass all these tests to be eligible for benefits. Before he files a claim he should make these tests himself. This will save time, trouble and disappointment.

All employed workers, and those who think they will be employed next summer should go immediately to the nearest office of the State Employment Service and register for work. These offices will help them look for employment, now. And if already registered, they will save time and inconvenience later when they file claims for jobless benefits after July 1, 1939.

INSURRECTION

(A Short Yarn)

By Zeb Potter

Bill Rogers dried the perspiration on his brow as he entered the Empire Furniture Store.

"Gee, it's hot out," he greeted Mrs. Ackerman, the lady that cleaned, with a cheerful smile.

"It will be hot for you my boy, if you don't take it easy around the office. The boss's daughter is working here for a few weeks," Mrs. Ackerman stood up to emphasize her remarks on Bill.

"So what?" he stepped down the aisle admiring a new Duncan Phyfe dining table in mahogany.

Seated in front of the typing desk sat a girl with golden brown hair clad in a light figured summery frock of green. To Bill the color combination of green and brown made a pleasing background to her jet black eyes.

"How do you do, Miss Adams. It's nice to see you home again," respectfully greeted Bill.

"But it's not nice to see you, Bill Rogers," she snapped. Bill was taken back by the curt reply.

"Now, what have I done, Miss Adams?" he threw his receipt book on the battered old roll top desk and walked toward her.

"Father is ill. He must stay at home for the next two weeks—doctor's orders."

"But that doesn't explain why you feel so hard toward me," he edged closer and looked down at the charming picture.

She looked up at his face burned by the summer sun. "Bill, I'm disappointed in you. In fact I'm mad at you."

"But why, there must be some reason for this?" he pounded.

She stood up, walked away from the desk and then turned at him defiantly.

"You promised me that you would be true to me. Yet yesterday I saw you with the Harlowe girl at the drug store."

"But that's business, her mother owes us a big account. It's up to me to collect it. I've got to be diplomatic."

The Adams girl put on her floppy straw hat. "I'll say you were diplomatic in that ice cream booth. You were almost affectionate." She walked out of the store.

"Wait a minute," called Bill. The Adams girl refused to answer. The screen door slammed behind her.

Bill turned to the old maid bookkeeper, Miss Perkins stooped over her accounts. "What would you do in a mess like this?"

Her cold grey eyes squinted at Bill as she looked up at him from her figures. "Yonug an, the way to a woman's heart is through mmmMry.muu.Dan's heart is through affection, but to balance two different women's hearts at one and the same time, that my boy is insurrection."

You Need Milk Too!

It's not only growing children who benefit by milk, but grown-ups, too! It provides nourishment, energy, health. It keeps bone and teeth in good condition by supplying the vital element, Calcium. It's a delicious drink, refreshing and tasty with meals or between them. Why don't you get into the habit of drinking lots of milk? It's a practice that you'll enjoy and benefit by!

Marti's Milk contains foods that make for good health. There's a proper balance of vitamins, minerals and nourishing elements.

Marti's Milk is pure and clean. It's a quality milk, Grade A, perfectly safe for everyone to use. Produced in a sanitary plant!

Marti's Milk is rich and flavorful. Carefully bred herds and improved dairy processes make Marti's flavor. Try some today!

THERE ARE MORE
'NEW' USED
CARS TO CHOOSE FROM

Some of our used cars carry the "R & G" label, meaning "Renewed and Guaranteed." Ask especially about these. They're always the choicest, highest-quality bargains of our used car stock.

AT YOUR LOCAL
FORD DEALER'S
Fast new-car sales
keep renewing our used-car stock

The popularity of the 1939 FORD V-8 speeds up our new car sales, keeps bringing in new cars for you to choose from! Our used cars sell fast too, because we do a quality job of renewing them.

Today we have an unusually wide range of used cars for your inspection with the FORD, MERCURY and LINCOLN-ZEPHYR new car line now covering a wide price range. Regardless of the make or model of used car you are looking for, see us first. We probably have it in stock.

Better come in now. Our prices are low—our selection is wide from late trade-ins on new cars. If you haven't inspected our used car stock recently you're due for a surprise. You'll find many new bargains to choose from now! Drop in today and look them over!

YOUR LOCAL FORD DEALER

ORLAND

Holy Communion will be celebrated in the Orland Park M. E. church next Sunday morning at 10:30 a. m.

Mr. Bob Smith of Maywood, Ill., visited at the Arthur Beagley home Sunday.

Mr. and Mrs. William Junker spent Thursday in Joliet with their daughter, Mrs. E. Kreimeier.

Mr. and Mrs. John Tasch and family of Maywood spent Sunday at the Martin Smith home.

Mr. and Mrs. Robert Yunker had their infant daughter baptized Sunday. Name given is Doris Mae.

Mrs. Arthur Beagley who has been ill with a bad bronchial cold is greatly improved.

Mrs. Walter Smith is sick with a bad cold.

Mrs. Albert Lorenz attended a Home Bureau meeting at the Henry Bischoff home, Tuesday p. m.

Mr. and Mrs. Fred Yunker and family attended the 20th wedding anniversary of Mr. and Mrs. Harvey Cooper at their home Wednesday evening.

At the regular meeting of the Adult Bible Class of the M. E. church held in Creer's hall last Wednesday evening, the class voted to subscribe \$50.00 toward the newly installed church heating plant. The usual enjoyable social hour was spent under the guidance of a committee consisting of: Olive Loebe, John Loebe, Len Kay, Nina Kay, Sadie Gealen and Helen Gee.

The committee appointed for next month's meeting consists of: Mr. and Mrs. James Creer, Mr. and Mrs. S. V. Smith and Mr. and Mrs. Edgar Cooper. An excellent program is promised and a large attendance is hoped for.

WASHINGTON COFFEE

The "Washington Coffee" sponsored by the Adult Bible class of the Orland M. E. church, which has come to be an annual event, will be held next Wednesday evening, February 22nd, at 8 p. m. in Creer's hall. Those who have been to previous affairs of this kind will recall them as having been "delightfully worth while." This year promises to be no exception and a surprise program is promised by the committee which should please everybody. The committee in charge of this year's arrangements consists of: Lillian Knox, chairman, Elsie Cooper, Ina Hansen, Mary Kramer and Tom Cooper.

A cordial invitation is extended to everybody in the community to join in for an evening of fun.

ORLAND PARK HIGH SCHOOL NEWS

We have more new books! Added to our library this week are the following: Sentimental Journey, Sterne; Best Loved Poems, Longfellow; Tales from Shakespeare, Lamb; Tanglewood Tales, Hawthorne; Hunchback of Notre Dame, Hugo; The Scarlet Letter, Hawthorne; Stanley and Livingstone in Africa, Headley; Vanity Fair, Thackeray.

Ping-pong contests are much in evidence now during noon and recreation periods.

Students in the Shorthand and English II and III classes have sent in their orders to the Student Letter Exchange at Waseca, Minn., for "pen pals." They expect to write and receive interesting letters describing conditions, customs, schools, sports, and many personal interests. On our Opehi Tatler page we will print some of the letters which will be received from students in foreign countries.

Latin pupils are preparing a playlet entitled, "What's the Use?" They will present this at their next club meeting, this week on Friday. In the

playlet, one pupil who does not study Latin is finally convinced of the fact that a knowledge of Latin is of great use to a person.

ORLAND BASKETBALL

The Orland Park basketball teams got into action again after a week's layoff and for the curtain raiser the Reish girls lost to Blue Island by a score of 13-8. The Blue Island girls were late in arriving and the Reish girls, not expecting them to make their appearance after a half hour of waiting had a scrimmage practice among themselves.

This evidently tired them out, Blue Island fresh from the zero weather outside iced the game for themselves with their more accurate shooting.

The Reish girls are showing marked improvement with every game played and will soon be on the long end of the score.

In the second game played the Reish lights defeated the Greer College lights by a score of 47-30. This game was close until the final quarter when the Reish's showed their heels to the opposition. The score by quarters was 5-4, 18-12, 28-22, and the final 47-30.

The Reish's display of passing was marked by their accurate shooting after working the ball under the basket and few shots were missed. H. Utke had a field meet with 22 points and J. Heims hooked the net for 10 points. For Greer's snappy outfit Higgins led the scoring with 8 points. Ike was right behind him with 7 points.

In the final game of evening the Orland heavies won from the Greer College heavies in a bang-up game by the score of 43-38. It started to look like a run-away for the Orland team and when the half ended the score was 30-19 in their favor. In the second half the College defense tightened and their shooting from different angles of the floor brought them within hailing distance of the Orland boys as the game ended.

For Orland Nicolai and E. Utke were shaking the net for 18 points and 15 points respectively. Boske had 15 points for Greer and Higgins had 7 points.

WORLD'S FAIR A GREAT CITY

The amount of electric current to be used by the New York World's Fair 1939 during its operation will be equal to that required by a city of 350,000 population.

WPA Work In Will County

One of the most important improvements carried on by WPA workmen in Will County has been on the sewer system of the City of Joliet. These new sewers will service approximately one-fourth of the city's area. Up to June 30, 1938, official reports indicate that 16,868 linear feet of trunk line sewer has been constructed, much of this through heavy rock formation requiring blasting and excavation of thousands of tons of rock. In addition, 24,413 linear feet of lateral sewers were dug and placed and 635 service connections with adjacent properties completed and 205 manholes constructed. This sewer work when completed will cover approximately 28 miles of sewer installation ranging from eight to seventy-two inches in size.

In several communities, such as Beecher, Mokena and Lockport improvements have been put in WPA workmen on the water supply system. Records show that repairs were completed on 2,366 consumer connections and that 29,164 linear feet of new water mains have been installed.

Many local communities have also taken advantage of the presence of WPA workmen to put in street and sidewalk improvements. Towns like Braidwood, Crete, Frankfort, Steger and Monee have benefited by these activities of WPA workmen. Altogether the records show that 24.1 miles of urban streets have been improved by grading, paving and surfacing with crushed rock, gravel or concrete and bituminous re-tread. In the course of these improvements WPA workmen have put in 24,150 linear feet of new curbs and 775 linear feet of new paved gutters, also 11,590 linear feet of covered drainage pipe to carry off surplus water.

Under the direction of the County Highway Department and the Township Road Supervisors extensive improvements have been carried out on rural roads in several sections of the county. Review of official reports recently forwarded to Washington shows that improvements have been completed by these gangs of WPA workmen on 191.4 miles of rural roads in Will county. Something of

the nature and extent of the work put in by WPA workmen on these improvements is indicated by the following figures: when drainage work has been necessary because

these roads lie across the low-lying prairie sections of Will county, 750,687 linear feet of roadside ditches have been deepened and widened and 304,755 linear feet of new roadside ditches completed. In order to carry off standing surface water, WPA workmen have repaired and improved 77 existing culverts and put in 970 new culverts, thus avoiding seepage of surface water into the roadbed and the later formation of mudholes which make so many rural roads impassable to automobiles. In order to provide greater safety on these roads 1,600 linear feet of guard rails and guard walls have been repaired and 3,110 linear feet of new guard rails and guard walls constructed. Repairs have been completed on two existing bridges and two new bridges constructed.

The local officials have also made good use of WPA workmen in landscaping around public buildings and in carrying forward improvements on public buildings. The records show that landscaping has been completed around six public buildings on a total area of ten acres. At Lockport WPA workmen were used to remove the old City Hall and to construct a new City Hall, providing fine new quarters for the city officials.

WPA workmen have also accomplished many improvements in developing parks and recreation facilities in the various communities throughout the county. The records show that two new athletic fields have been constructed; one new playground has been completed and that one new swimming pool has been installed. Landscaping, draining and grading has been completed in two public parks with a total area of fifty-two acres. The WPA workers have also done a good deal to stimulate and organize various recreational activities in the county. Four community centers have been operated with an average daily attendance of 289 persons. Several thousand children and youth have participated in the handicraft and various athletic activities carried on by these trained WPA recreation leaders.

1939 Emergency Crop Loans

Applications for emergency crop and feed loans for 1939 are now being received at Farm Bureau office, by Acton A. Sehlton, field supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

The loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain credit from any other source. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1939 crops or for the purchase of feed for livestock.

Farmers who can obtain the funds they need from an individual, production credit association, bank, or other concern are not eligible for crop and feed loans from the Emergency Crop and Feed Loan Section of the Farm Credit Administration. The loans will not be made to standard rehabilitation clients whose current needs are provided for by the Farm Security Administration, formerly known as the Resettlement Administration.

As in the past, farmers who obtain emergency crop and feed loans will give as security a first lien on the crop financed, or a first lien on the livestock to be fed if the money borrowed is to be used to produce or purchase feed for livestock.

Where loans are made to tenants the landlords or others having an interest in the crops financed or the livestock to be fed, are required to waive their claims in favor of a lien to the Governor of the Farm Credit Administration until the loan is repaid.

Checks in payment of approved loans will be mailed from the Regional Emergency Crop and Feed Loan Office at 315 Pine Street, St. Louis, Mo.

TONS OF PAINT

Painting the buildings of the New York World's Fair 1939, which is being carried out in a plan following the tints of the rainbow, will require a total of 200 tons of pigment.

Sheriff's Sale

By virtue of a writ of execution issued out of the Clerk's office of the Circuit Court of Will County and State of Illinois, and to me directed, whereby I am commanded to make the amount of a certain judgment recently obtained against Elmer R. Essington and Clyde G. Essington, doing business as Essington & Essington, in favor of Crane & Breed Casket Company, a corporation, out of the lands, tenements, goods and chattels of the said Elmer R. Essington and Clyde G. Essington, doing business as Essington & Essington, I have levied on the following property, to-wit:

(1) The West one-half (½) of the Southwest quarter except right of way of the Elgin, Joliet and Eastern Railway Company of Section twenty-four (24) in Township thirty-six (36) North and of Range nine (9), East of the third Principal Meridian, in Will County, Illinois, subject to a trust deed dated May 5, 1930, for \$4000.00, to the Joliet Trust and Savings Bank, Trustee, also;

(2) Lot one (1) in Block three (3) in Elihu Corbin's Addition to Village of Plainfield, Will County, Illinois, also;

(3) Lot four (4) in Block three (3) in Elihu Corbin's Addition to village of Plainfield, Will County, Illinois, also;

(4) Lot three hundred sixteen (316), Sherwood Plains in Section five (5), Township thirty-five (35) North, Range ten (10), East of the Third Principal Meridian, Will County, Illinois.

Therefore, according to said command, I shall expose for sale, at Public Auction, all the right, title and interest in the above named Elmer R. Essington and Clyde G. Essington, doing business as Essington & Essington, in and to the above described property, on the 23rd day of March, 1939, at 10 o'clock A. M. inside the north main door of the Court House at Joliet in the County of Will and State of Illinois.

Dated at Joliet this 11th day of February, 1939.

JOSEPH JAMES O'NEILL,
Sheriff of Will County, Illinois.
2: 17-24. 3:3- 1939.

"Fast?...Easy?"

SAY-MY ELECTRIC IRONER JUST CAN'T BE BEAT!"

You'll Have
"Spare-Time" for Pleasure
when you use modern
Home Laundry Equipment

Be done with Blue Mondays and Tedious Tuesdays! Do the entire week's wash easier and better—in double-quick time with modern Home Laundry Equipment. Modern Electric Washers, Ironers, and Water Heaters, together with plenty of good light, take the work out of washday. These distinct contributions to better living are easy to buy and repay you again and again with savings in time and work. Why not investigate the many fine values now being offered!

• "Take it from me—here's the way to do home ironing! It's so simple . . . so fast . . . so easy. Why, to my way of thinking, no woman can afford to be without a modern Electric Ironer."

"Just think of it! Now I can do my entire laundry . . . sheets, towels, fancy dresses, even shirts—while I am comfortably seated. No more lifting and tugging. No more aching back and tired arms. My Electric Ironer does all the work . . . irons, steams, presses . . . and gives me better finished work than ever before."

"What's more, there's no trick to ironing this fast, convenient way! Why, in no time at all, any woman can learn to do even the largest sheets or sheerest frocks—like an expert."

Yes—hundreds of women are discarding old-fashioned ironing methods for a modern Electric Ironer. There are so many advantages that unless you've seen one of these modern Electric Ironers in action, you can't imagine how fast, convenient, and easy your home ironing can be. Why not come in and ask for a free demonstration . . . today!

SEASONAL VALUES

HOMER

Mrs. Fred Kopelman

Mr. and Mrs. J. T. White have been confined to their homes the past week by illness.

Mrs. Helen Rowley has also been on the sick list the past week.

Mr. and Mrs. Adam Bodenschatz and Geo. Bump, Sr., all of Lemont, spent Friday at the home of Mr. and Mrs. Otto Konow.

The Homer unit of the Home Bureau met in the home of Mrs. H. W. Bischoff Tuesday with 26 adults and 3 children present. Mrs. Edward Beaver and Mrs. Kopleman demonstrated the making of baked custard chocolate junket and lemon pudding.

Mrs. John Donahue and Mrs. Robt. Burch were appointed to attend the school on Friday at the Farm Bureau office and receive instructions for the April meeting. Mrs. Wm. Lister, recreational chairman then took charge of the games and Mrs. Andrew Braasch was awarded the prize in the drawing contest. Delicious refreshments were served by the hostess.

One new member was added to the unit.

Mrs. Eugene Reuttiger had the misfortune to fall on the ice last week and break her arm.

The Illinois Agricultural soil conservation meetings were held in the town hall Monday and Tuesday. Geo. Ott, Merritt Cagwin and Frank Loucks are in charge for Homer.

The farmers are enabled at this time to secure their bases and plan their 1931 acreage early in the season and thus more will be able to follow the conservation outline.

Marilyn Hartman and Kathryn Boyce were injured while coasting in the Frank Kolar field last week. Marilyn was unable to attend school the past week but Kathryn was not hurt so badly.

The Royal Neighbors sponsored a buncos party in the Woodman hall on Feb. 14 at 1:30 p.m. Prizes were awarded and refreshments served.

Mrs. Fred Blodgett, a representative of the Maple Street Arbor of Gleaners, and Mrs. Harry Ayers, a representative of the West Lockport Arbor of Gleaners, attended a dinner given by the lecturers of the

Will, DuPage and Grundy counties of the Arbor of Gleaners Wednesday night at the Woodruff hotel, Joliet. Covers were laid for 12 guests and following the serving plans for the coming year were outlined and discussed.

Mr. and Mrs. Arthur Hewitt of Clearing, were dinner guests Thursday at the Guy Bump home. Mr. and Mrs. Hewitt were planning to leave the following day on a trip to Iowa to visit relatives.

Frank Maverich of Joliet is spending several weeks at the Henry Rodgers home.

A large crowd attended the Orlando Legion Dance which was held in Goodings grove Saturday evening.

Elaine Ott is ill in her home here. Miss Nancy Bruce of Lockport spent the weekend as a guest of Miss Betty Rowley.

Robt. Burch has been on the sick list the past week.

Tuesday evening a group of relatives and friends surprised Mrs. Edw. Beaver in honor of her birthday anniversary. Chinese checkers and Euchre were played after which refreshments were served.

Complimentary to Mr. and Mrs. Fred Kopleman's twenty fifth wedding anniversary thirty five friends and relatives surprised them in their home Friday evening. The evening was spent in playing Euchre, pin-ochle and chinko checks after which an oyster supper was served. Mr. and Mrs. Kopleman received several lovely silver gifts.

Mrs. Frank Hartman, Mrs. Christel Koehler, Mrs. Wm. Ross, Mrs. Guy Bump attended the cooking school in Joliet four days of last week. Mrs. Ross White also attended on Tuesday and Wednesday and Mrs. Fred Paddock on Friday.

The Woman's Community club met in the home of Mrs. Ben Brankley Wednesday afternoon. Mrs. Harry Parker was in charge of the program.

Miss Myra Reed opened the program with a short reading "A Good American Citizen". An article on "Changing America" was presented by Mrs. Fred Trask, health article "Pink Pork" by Nellie Parker, "America for Me" by Mrs. Grace Reed; "Millinery Madness" by Mrs. Trask; Mrs. Beulah Reid, former president sent Greetings which were given at this time. The next meeting will be

held in the home of Mrs. Ray Myers with Mrs. Helen Rowley assisting.

The committee in charge of the February community club party met in the home of Mr. and Mrs. Walter Konow, Sunday night. The party will be held Friday evening, Feb. 24 at the town hall.

LaVerne Lauffer returned to his duties at the Drake University Friday.

The Royal Neighbors will hold their regular monthly meeting on Thursday afternoon. Mrs. Josephine Jungles and Mrs. Carrie Ott will have charge of the social hour which will follow.

MARLEY

Frances Gillette

Last Sunday afternoon, Mrs. E. D. Gillette was pleasantly surprised in honor of her birthday at the home of Mr. and Mrs. Edward Sproat. The afternoon was spent informally. The guests present were: Mr. and Mrs. E. D. Gillette, Mrs. Harley Gillette and sons of New Lenox, Mr. and Mrs. Robert Gillette and son, Mr. and Mrs. Berton Gillette and son of Blue Island, Russel Lauffer and Frances Gillette.

Mrs. Jesse Marshall and Mrs. Mervin Moore attended the Royal Neighbor meeting last Wednesday at the Emily hall in New Lenox.

Miss Gladys Nelson returned to her home Sunday after visiting the past week in Detroit with Mr. and Mrs. Francis Nelson.

Next Sunday evening the Marley Sunday Evening club will meet at the church at approximately 6:15. From there they will go to a church in Chicago to see a play entitled "The Teacher," by Dr. Eastman. Mrs. Ruthven Chalmers is one of the characters in the play. More definite announcements will be made next Sunday morning in church.

Mr. and Mrs. Leonard Huising and son of Fairmont spent Sunday at the home of Mr. and Mrs. Fred Blodgett.

Mr. and Mrs. Ruthven Chalmers were Sunday dinner guests at the A. L. Sproat home.

Mr. and Mrs. Jesse Marshall, Mr. and Mrs. A. J. Cleveland and Mr. and Mrs. Mervin Moore and daughter visited Sunday afternoon in Orland at the Ike Cleveland home.

Mrs. Dora Tilsy was called to Wisconsin by the death of her brother-in-law.

Mr. and Mrs. A. L. Sproat were dinner guests Monday evening at the A. R. Keucheval home. Mrs. Frank Storm and Johnnie Cutler visited Sunday evening with Mr. and Mrs. Ed Marshall.

Visitors Sunday at the Wrightwood home were: Mr. and Mrs. Oscar Kase and Mr. and Mrs. Frank Uhde of Joliet.

Mr. and Mrs. Francis Nelson of Detroit, Mich., have returned to the H. H. Sabin home.

PALOS PARK

Feb. 22 will mark the fifth anniversary of the Palos Juniors, Girls club. The club was organized by Mrs. Ada Schmidt and has been under the sponsorship of Mrs. Irving Pronger since 1934 when it was first organized.

Any girl living in Palos Township may become a member of the club, providing she is between the ages of 14 and 21, with a small initiation fee. The officers for the past year were: Betty Jane Liszt, president, Ruth Vail, vice president, Henrietta Baker, secretary and Patricia Saunders, treasurer.

The club has received five new members during the past year. They are: Jane Muhlhausen, Shirley Harris, Geraldine Richoff, Mary Massey and Arlene Heide. Patricia Saunders treasurer, will entertain the members in her home Friday evening at 8 p.m. Miss Arlene Heide will be initiated into the club at this meeting. Her initiation was postponed last meeting due to the tobogganing party.

Oak Hill Cemetery Association invites you to their annual turkey dinner which will be given on Tuesday evening, Feb. 21 in the basement of the Palos Park Community church. 88th avenue near 123rd Street. Dinner is scheduled for 5:30 P.M. Everybody invited.

Palos Boy Scouts of Troop 699 held a hobby show last Tuesday evening in their recreation and dining rooms of the Palos Park Community church. The hobbies were submitted by the boys in the troop. Each boy had a different display. The hobbies included: historical collections, wood work displays, stamp collections, various displays of crafts, streamlining, and railroad exhibits.

Alan McClain, Assistant Boy Scout leader was chairman of the affair. Assisting him on the committee were Philip Sipple and Geo. Rafferty. John Brick was recently made a member of the troop.

Palos Spoolsters will meet in the home of Miss Henrietta Bager, 123rd St. and 86th ave. on Friday evening Feb. 24, at 7:30 p.m.

Mrs. Edw. Hying spent a few days last week visiting her brothers and sisters in Milwaukee, Wisconsin.

Mrs. Sidney Traup spent Monday afternoon at the home of Mrs. Le Roy Stockdale.

Mr. and Mrs. LeRoy Stockdale entertained with a birthday dinner in their home on Sunday afternoon. Those present besides the family were: Ruth Walker, Henrietta Baker Owen Creer and Lawrence Poorman.

Nothing will ruin the country if the people themselves will undertake its safety; and nothing can save it if they leave that safety in any hands but their own. —Daniel Webster.

MOKENA

The Mokena Alumni teams play Oak Lawn in two games Thursday, February 23rd at the Mokena H. S. Gym. All fans are urged to attend. The time, 7:30 p. m.

Last Saturday afternoon Eleanor Hostert entertained a group of 4-H girls in her home. Those present were the Misses: Lois Mancke, Lois Guindon, Shirley Nelson, Shirley Marti, Betty Marti, Mary Marti, Evelyn Schult, Irene Ebert, Hazel Jansen, Lucille Janssen, Ruth Thiry, Lillian Hellmuth, Adelaide Lauffer, Laverne Strassenburg and Rita Hauser.

Games were played and refreshments were served. An enjoyable time was had by everyone.

Mr. and Mrs. A. Kohl entertained the Saturday Night Pinochle club in their home last Saturday evening. Prizes were awarded to Mr. and Mrs. Hugh Deadmore, Bert Spiess and Mrs. Ed Schmidt.

Mr. and Mrs. Paul Meyers left by motor last Friday for a trip to Florida and to the Mardi Gras.

Rev. Mr. Rosensner, retired Lutheran Minister is very ill in his home with pneumonia.

Mr. and Mrs. August Hauck will entertain the 500 club in their home Saturday evening.

Mrs. Ona McGovney is recovering in her home, from a siege of the flu.

Gordon Spiess is ill in his home with the flu.

Mr. and Mrs. Earl Reish are extending an invitation to their many friends to their 25th wedding anniversary celebration to be held Feb. 18 at 7:30 p.m. in the Orland Park public school auditorium. Everyone welcome.

Mr. and Mrs. Frank Harrison of 120th Ave., and McCarthy Road celebrated their tenth wedding anniversary Saturday night, Feb. 11 and entertained the following guests:

Mr. and Mrs. Wm. Gaffney, Mr. and Mrs. Wm. Hall, Mr. and Mrs. Ray Harrow, Mr. and Mrs. Ben O'Connell all of Chicago; Mr. and Mrs. H. W. Bischoff, Frank Bischoff and Miss Charlotte Leupold of Elwood.

The evening's diversions were cards and games. At midnight a luncheon was served. Everyone present reported having a delightful time and in departing wished the charming couple many happy returns of the day.

U. S. Tests Pilot Training Program As Solons Ponder Appropriation

Administration Claims Shortage of Aviators Presents Peril

By JOSEPH W. LaBINE

This month 330 youths between the ages of 18 and 35 will learn what makes an airplane tick. In 13 American colleges they will serve as test tubes for what President Roosevelt hopes will become a long-range program for training civilian pilots.

In January congress received the President's request for a \$10,000,000 annual appropriation to train 20,000 pilots each year in higher educational institutions. To test his plan Mr. Roosevelt has taken \$100,000 in National Youth administration funds, making allotments to several colleges which have already done independent work in aeronautics.

Civilian pilot training is an adjunct to national defense, and an important one, judging from the experience of other nations. In case of war it profits a nation nothing to have acres of airplanes if there are no pilots to fly them. It profits still less to send young men aloft into dogfights with a scant 30 hours training behind them, as happened during the World war.

Quality, but No Quantity.

The administration's contention—borne out by aviation experts—is that the United States has an army air force superior to all others in quality, but that's as far as it goes. We have no reserve, and far less equipment than England, France, Italy, Russia and Germany.

But every world aviation power has one thing in common—a shortage of pilots. And every nation has made frantic efforts to solve this problem. In Germany, where the Versailles treaty completely wiped out aviation, shrewd national planners popularized the sport of gliding. As a result the Reich developed a huge army of air-minded, air-trained youth who form the backbone of its huge modern air force. In Italy a comprehensive pilot training program has been in progress several years. In Russia much ado has been made over taking youngsters aloft and allowing them to bail out in parachutes, thereby becoming air minded. Great Britain has offered low-price instruction to anyone who will take up aviation. Even so, every world power needs pilots desperately.

And the ominous warning to the United States from experience of other nations is that civilian training is expensive in life and limb. Germany and Italy have suppressed accurate reports of fatalities among student pilots, but the toll is known to be enormous.

13 Schools Listed.

The United States hopes its program will be less costly thanks to slower, more deliberate training than that employed abroad. Schools selected for the trial course are the universities of Alabama, Minnesota, Washington, Michigan, North Carolina and Kansas, Purdue, Massachu-

Flying Cadet Eriksen Shilling of Washington, D. C., enters his BT-8 basic training ship to participate in the graduation aerial review staged at Kelly Field, Texas. He has been commissioned a second lieutenant in the army air corps.

setts Institute of Technology, Texas A. and M. college, Georgia School of Technology, New York university, San Jose State college and Pomona Junior college.

There will be no military course involved, simply the rudiments of flying. School authorities will select candidates first, whose number will later be decreased by hand-picking on the part of army surgeons who eliminate men not having a reasonable chance of meeting the air corps medical requirements.

The instruction course differs materially from that now required for private pilot's license, but at the end of about 35 hours instruction each student is expected to be able to pass the tests for this license. An "alumni-refresher" program will probably be instituted later to bring graduates back for periodic training. From this huge reservoir of well-trained private fliers the army could expand its regular air service tremendously in an emergency.

Gives Industry a Boost.

There is a second, and allied purpose behind the President's program. America's aviation industry cannot thrive on government support alone. It is hoped that many of the 20,000 new pilots trained each year will eventually buy their own private planes. As a further incentive to airplane manufacture the President is assisting in the sale of American-made military planes abroad, a program which does not meet with the whole-hearted endorsement of congress since it may be interpreted as constituting an entangling alliance.

The expected congressional battle

Students at Pomona Junior college, Los Angeles, test out the government plan to train 20,000 civilian pilots annually. Above, three students in the school that rebuilds smashed planes from the ground up learn about air-plane engines.

over President Roosevelt's program will center about one question: Is a greatly expanded national air force justified?

The negative side of this argument holds that we are protected from Europe and Asia by two ocean barriers, that no bombing plane yet tried out can cross one of these oceans with a full load of bombs. It maintains that the army and navy are the backbone of defense, therefore our money should be spent strengthening these branches. It maintains that the President's program to construct several thousand new planes would cost millions of dollars which could better be spent on slum clearance, education, housing and other benefits needed by the under-privileged. Finally, it claims that current war talk is simply propaganda designed to create public hysteria and divert attention away from our economic plight.

Says U. S. Is Vulnerable.

But there is also much to be said on the other side. Major Al Williams, noted aviator and writer, claims that Germany, Britain and Italy already have planes which can cross the Atlantic with a full load of bombs. He says nothing about their returning after the bombing is accomplished, but a foreign power might be willing to risk loss of several planes to gain its end.

Major Williams also maintains that anti-aircraft guns are ineffective over 10,000 feet, therefore they would prove an inadequate defense. Other "pro plane" arguments contend that the air superiority of four other world powers is enough justification for trying to overcome our inferiority.

Speaking only of its civilian pilot program, the CAA sums up the administration's entire aviation argument quite conclusively: "Only by such an approach can the United States adequately safeguard itself against the vast aerial expansion programs now being pressed with fanatic zeal by foreign powers. . . . It is more in keeping with the American spirit of preparedness to build up a great pool of men and machines, dedicated to and engaged in everyday business and pleasure, but yielding first place to no other nation in flying skill or technical development, and quickly adaptable to military needs in the event of war."

That's one side of the story. You'll probably hear the other side from congress.

HOW TO SEW

by Ruth Wyeth Spears

I wonder if you could tell me some way to use empty cans?"

Fortunately we have a very long memory. There came to life the picture of a fat little girl sitting on a small footstool in a very Victorian parlor while her Great Aunt rocked and visited. And there was something about that footstool—yes it had cans inside. The cans were filled with sand to make the footstool heavy. The cover was red carpet with handles of the carpet material at the ends. So we saved six cans. We substituted a piece of upholstery material for carpet, and here is a step-by-step sketch of the footstool we made. It is a great success.

Now is the time to give your house a fresh start. Crisp new curtains; a bright slipcover; new lampshades; or an ottoman will do the trick. Make these things yourself. Mrs. Spears' Book 1—SEWING, for the Home Decorator, shows you how with step-by-step, easy to follow sketches. Book 2—Gifts, Novelties and Embroidery will give you a new interest for long winter evenings. It contains complete directions for making many useful things. Books are 25 cents each. If you order both books, a crazy-quilt leaflet is included FREE; it illustrates 36 authentic embroidery stitches in detail. Address Mrs. Spears, 210 S. Desplains St., Chicago, Ill.

Walking on the Highway

IT'S an art, this walking along the highway, and not everybody who does it lives to tell about it afterward. At least a third of the pedestrians fatally injured in rural districts are struck while walking along the roadway, according to figures of the National Safety council. And about two-thirds of these were walking with their backs to approaching traffic.

In many places, sidewalks are being built parallel to the highways to segregate motor and pedestrian traffic, but in places where they aren't yet built, the council has these four suggestions to offer:

- 1—Walk on the left side of the road.
- 2—At night, carry a light.
- 3—Wear light clothing or at least some article of clothing that's white, to make it easier for the motorist to see you.
- 4—Walk on the shoulder of the road instead of the pavement, where possible, to keep from forcing cars into the path of oncoming traffic.

SORE MUSCLES

MADE HER
ACHE
ALL OVER

Feels Much Better Now

Why suffer with muscular rheumatic aches—pain of neuralgia, lumbago? Thousands say Hamlin's Wizard Oil Liniment brings soothing relief to aching legs, arms, chest, neck, back. Just rub it on thoroughly. Makes skin glow with warmth—relief seems blessed. Pleasant odor. Will not stain clothes. At all druggists. Money-back guarantee.

IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body
More Non-Skid Mileage

Plus FAMOUS
TRIPLE-SAFE
CONSTRUCTION

FLOYD ROBERTS
1938 National
Race Champion

Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their racing cars.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Call on your nearby Firestone Dealer or Firestone Auto Supply and Service Store and equip your car with a set of new Firestone Champion Tires—the only tires made which are safety proved on the speedway for your protection on the highway.

Northern U. S. Goes Ski-Crazy As Sport Turns Into Industry

NEW YORK.—The man is not resting on his knees, nor is he off balance. He's skiing, and so is America, but America goes in for a simpler version of the sport.

This picture was taken at Madison Square Garden during the indoor winter sports show when Tomm Murstad, Norway speedster, dropped down the 58-foot slide. This show ushered in what experts believe to be the biggest skiing winter the nation has ever experienced.

Another sport turned into an industry, is what it amounts to. Like golf, tennis, baseball and football, skiing has become so popular in northern states that many summer hotels which usually close down for the winter are remaining open throughout January, February and March. Ski trains and airplanes each week-end carry thousands of enthusiasts to isolated ski trails. New England, Michigan, Wisconsin, Minnesota and the Pacific mountain states all report more participation than usual.

The industrial side of skiing is reflected in testimony of manufacturers of ski clothing, who have reported increased business annually since 1932. The current season shows a 20 per cent boost over last year.

The business side of skiing is most emphasized in New England. There a new organization has prepared literature showing the best ski trails. Mechanical hoists have been erected to lift sportsmen to the hilltop after they've descended. Special instruction classes are being held for children and grown ups, and wayside inns attract countless skiers for respite over a cup of steaming tea or coffee.

Why this thrilling and exhilarating sport should have remained in comparative obscurity so many years is a great American mystery. It originated in Norway and has long been practiced by Norwegians living in this country. Back in their native land these Norsemen learned to ski almost before they learned to walk.

Movements of congress to be slow until political future of the Democratic party and the New Deal is clarified . . . See opening wedge of fight against third term in the action on relief money . . . Congress to be tightwad when it comes to opening up new public works.

WASHINGTON.—The whole picture of why this congress is going to be snaillike in its movements until the political future of the Democratic party in general and the New Deal in particular is clarified is disclosed in that amazing speech of Sen. John H. Bankhead of Alabama—brother of the speaker of the house—denying that there had been any "issue" between President Roosevelt and Vice President John Nance Garner over the amount of money voted in the relief bill.

Even the Associated Press could not let that speech pass without including in the account of it the fact that the day before, when Sen. Alva B. Adams, of Colorado, had been asked if he appreciated the help Garner had given his side, he had said, "Yes, I do."

As a matter of fact everybody interested knew that the White House made a terrific fight to win that roll call, and that the opposition strained every nerve to beat the White House. The "issue" was not relief at all. Most of the senators who had lined up against the President will be perfectly willing, and said so, to vote more money later if the President will declare an emergency exists.

The issue was clearly to trim a little of the President's powers. It was not clear-cut. Many senators were frightened into line by the cold wave which accompanied the fight. They were afraid their constituents might figure they were willing to let men and women freeze and starve. The weather was on the side of the President.

Opening Wedge of Fight Aimed Against Third Term

But doling out the relief money to the President—forcing him to come again with a declaration of emergency if he wants any more—restricts by a good deal the blanket power he has exercised over relief spending, and by the same token tends to trim his political power to just that extent.

Make no mistake about it, that fight was the opening wedge of the battle which is really aimed at preventing a Roosevelt third term, and preventing the choice of any out-and-out New Dealer as Roosevelt's successor in the 1940 convention. Specifically it was aimed at the "spenders" in the New Deal. It demonstrated a lack of sympathy for many of the Roosevelt lieutenants, including, most spectacularly, Marriner S. Eccles, head of the federal reserve board.

Mr. Eccles is not worried about the deficits, or the mounting national debt. Congress by that vote on relief, first in the house and second in the senate, showed that it is.

But some of the Southern senators and other leaders are not willing yet to admit that they are really fighting continued Roosevelt mastery. They want to watch a few developments first, to determine just how safe it is to be against him. They want to leave a few bridges unburned, so they can rejoin him if he should prove unbeatable.

Down underneath, most of them hope he will be succeeded by someone with economic views much further to the right. It will be noticed in Senator Bankhead's very cagey remarks that he left open doors leading in every direction. The speech fooled no one in the White House crowd. But it pleased them just the same. It tended to soften the blow.

Congress Is Set Against Giving New Deal Free Hand

If that suggestion about setting up another TVA in southern Illinois, which would generate power from the coal deposits there instead of from water power, had been made four years ago, or even last year, it would have frightened the utilities to death.

Now they are hoping that nothing will happen because congress is set against giving the New Deal a free hand on spending, is willing to be liberal when it comes to danger of people starving or freezing, but is inclined to be a tightwad when it comes to new public works. As for example Passamaquoddy and the Florida canal, both of which seem doomed to remain sidetracked.

Besides, and this is really the funny part of the situation, there is not the popular appeal in developing electricity from coal that there is from water power. Down underneath the New Deal is all for it. President Roosevelt is just as unfriendly to the privately owned utilities as ever. But this is no time to be agitating this particular point—certainly until the Supreme court has clarified it in the TVA case.

Best opinion here as to the future of public ownership of big power developments is that they will be confined, for a time at least, to water power. The answer is simple. In the first place, there is the popular notion that power produced from water power is the cheapest power in the world—almost free. Second, there is the popular idea that water power is one of our great national resources, belonging not to the few people who happen to own the land adjacent to the most favorable spot for developing it, but to all the people.

Cost of Producing Electric Current Is Very Small

Actually of course the cost of producing electric current is so small that it does not make much difference which method is used. But if you insist on going into decimals coal is cheaper than water power.

The city of Washington offers an excellent illustration. Sen. George W. Norris has long advocated the development of water power at Great Falls, on the Potomac, a few miles above Washington. As an engineering proposition it is perfectly sound. It is now being pressed in the house by Rep. John E. Rankin of Mississippi, Nemesis of the private utilities and leader of the public power bloc. Rankin would set up a "Potomac Valley authority" modeled after his beloved TVA.

But engineers are agreed that such a development would not produce current any more cheaply than the private company does now. And the company uses a cheap grade of anthracite which has to be hauled down from northeastern Pennsylvania! Actually power is produced from this coal at a cost of only three mills per kilowatt at the switchboard.

Of course the government could take that same steam plant and produce electricity at something less than the three mills it costs the company, assuming that it operated as efficiently as the company does now. There is an item of taxes, which includes local property assessments and federal income taxes, in that three mills. But obviously no economy could be affected so far as the production of electricity is concerned which would be very important to the consumers.

Yet it would be sort of tough on the coal miners in Pennsylvania to try to effect this economy!

Expect No Speed From This Session of Congress

There is no use expecting any speed from this session of congress. It simply is not in the mood. Senators and representatives have their ears to the ground, their eyes strained for the most likely bandwagon, their brains concentrated on the most important question of the ages: "What is best for me?"

Gentlemen who have not already burned their bridges will be careful about dropping sparks. Some things, such as the relief appropriations, must be decided rather promptly—cannot be postponed. But even on this there is the obvious groping for the most expedient thing—politically—so patent that the ponderous phrases deceive no one accustomed to watching the political wheels go round. As for example Pat Harrison with his amendment for cutting the appropriation, but not turning anybody off the WPA rolls!

It's just one of those things, politically, which happens every time a very strong man approaches the end of his reign—complicated—as in the case of every strong President since Washington—with a trace of suspicion that this may not be the end!

Nobody knows whom to tie to! Nobody knows who is going to be the next President. Nobody knows whether the Democratic nominee next year will be a conservative, a New Dealer, or just a liberal. The whole feeling is best illustrated by a recent conversation just outside the senate chamber. It happened that the man generally regarded as the No. 1 prognosticator of the New Deal was talking with some newspaper men, who were wondering who would be nominated by the two parties.

"Well," said the prognosticator, "if someone came along and offered me 100 to 1 that I could not name the next President, I would take the bet, and name Thomas Dewey."

Thinks There's Possibility Republicans Might Win

This positively does not mean that the gentleman in question thinks the Republicans are going to win. But he thinks there is the possibility that they may, and he is fairly sure that they will nominate one of a very small group of men—he talked about three. Whereas the Democrats may conceivably name any one of a dozen.

He knows that merely following the President is not enough to keep him in his \$10,000 a year (with perquisites) job. He knows that fighting Roosevelt on a few issues is not going to defeat him. But that's not enough. He wants to be on the bandwagon.

Crystallization has not begun. It may follow the present debate on relief. It may not come until the neutrality and armament programs are up. The whole picture may change one way if business continues to revive, another if it slumps, and still another if war should come.

But make no mistake about this. There are a lot of boobs in the house and senate, but most of them are very smart politicians.

Poor Miss Reeve

By BERT STOVER
© Associated Newspapers.
WNU Service.

AFTER that day when Mrs. Gaines brought back the rice pudding she had taken over to Miss Reeve's house, because she found her sitting up in bed and eating a roast chicken and ice cream (Miss Reeve had been recovering from a broken wrist), nobody had quite dared to pity the latter openly.

Yet she seemed so lonely, so "queer." When one saw her tripping down Main street, as likely as not carrying a pail containing a few blackberries picked from the hedgerows, she seemed like an old child. Not that she was insane. Miss Reeve had taught school, and, as far as anyone knew, there was no reason why she should play the part of village recluse. But there it was. Miss Reeve stayed alone and never visited. When she went to church she contrived to slip out before the rest of the congregation had left the pews. "Poor Miss Reeve!" they said, and shook their heads. Then, one day Miss Reeve failed to put in an appearance to buy her Sunday pork chops.

Sunday, after church, Miss Boyle and Miss Gaines (of the rice pudding) determined to seek her "whether or no," as they put it. Consumed with the curiosity that is camouflaged as kindness, they tapped on her door. No answer. Another and louder knock. Still no answer. All the years' accumulation of ghastly incidents from their extensive Sunday newspaper reading ran through their rustic minds. "Something," said Mrs. Gaines, solemnly, "has happened."

Miss Boyle thrilled. "Oh, poor Miss Reeve!" she said.

They peeked in at the window. No. The room was peacefully steeped in the sunshine of a warm July Sunday, but the very quiet aggravated their fears, and they just gave way to panic and ran home, little Miss Boyle with remarkable agility, and fat Mrs. Gaines after the manner of an alarmed elephant. "You haven't seen anything, you say?" said Tim Haynes, the town marshal.

"No. We didn't dare go in," shuddered the exhausted runners. "H'm! Well, I'll take a look in after I've had my dinner. Things like that set better on a full stomach . . . if there's anything there, which I doubt," said the phlegmatic Tim.

But there was nothing to see in the severely plain little Reeve homestead. Nothing but an electric refrigerator, which certainly seemed an inexcusable piece of extravagance in one who had apparently the smallest means.

Still, failing acute tragedy, the refrigerator made something to talk about.

Besides, as Mrs. Gaines remarked, it explained the ice cream. Then, one evening young Carol Barnes, a commutator from the city, brought back some news.

"Guess who I saw at the station this morning. No, not here, in the city," he said to his pretty, athletic wife.

"Can't guess. Tell," she said. "Poor Miss Reeve. I couldn't believe until she touched me on the sleeve."

"I hope nobody's been anxious," she said in that fluttering way of hers. "But, you see, I'm married."

"What?" almost screamed Esther Barnes. "Oh, she couldn't be!"

"I'm telling you, she is. And she looked positively pretty and smart, too. One of those uneven skirts—don't know what you call 'em—and spike heels. All in blue, with flesh stockings and blue shoes. She had her husband with her, and who do you think it was? You remember old Hassell, who got in some mess years ago and went to the Klondyke? Well, it seems he is a rich man, breeds reindeer and what not, and they were engaged back in those old days, and now he's come back and married his early love. She looks absurdly happy—like a young kid."

"But what's he like? An awful old thing? Oh, it's dreadful! If all those women had been kind to her and not hated her for being a better cook than they were and for ordering an electric refrigerator, she wouldn't have married him."

"Look out for the crossing!" called Carol. "He isn't a bad guy—just a fat old business man, that's all. I found the bank thinks he's absolutely all right, and that scrape was simply a political frame-up. Don't you be as bad as the rest. I've asked them to come for a weekend, and you'll see all those old birds will fall all over themselves to get asked to the city. I know them!"

"Poor Miss Reeve," murmured his unconvinced wife.

"I wish we had her car," said Carol, lighting his pipe.

Early Use of Gunpowder

The early Chinese used gunpowder—but for joyful purposes, for the filling of fireworks so dear to their carnival mind and for the warding off of evil spirits. The secret was known to Callinus of Damascus, but he wisely kept it a secret. There were no mercenary merchants of death in those days. So 500 years passed before gunpowder and all its dread components and amalgams spread through "civilized" Europe and brought modern warfare to a fine and atrocious art.

WHAT to EAT and WHY

C. Houston Goudiss Gives Some Timely Hints on How to Keep Up Fuel Value of Winter Diet; Discusses New Methods for Quick Baking

By C. HOUSTON GOUDISS

MIDWINTER weather calls for energizing breakfasts to get the day off to a good start . . . energizing midday meals to help keep children and adults functioning efficiently . . . energizing, but easily digested, evening meals to satisfy bodily requirements without over-taxing the digestive system.

In addition to the need for supplying meals that are adequate as to energy values and other nutritional requirements, the homemaker has two other important factors to consider; she must satisfy the appetites of various members of her family . . . and she must keep within her food budget.

Breadstuffs—The Staff of Life

One of her greatest aids is bread in various forms. Breadstuffs, or other foods made from grain, are undoubtedly the largest single item in the dietary of the majority of people throughout the world. They appear in some form at almost every meal. And they are also highly satisfactory as a between-meal lunch for rapidly growing school children.

Breadstuffs are notable for their energy values and for their ease of digestion. They contain some protein and minerals, and under some circumstances, they may also carry other significant food values.

Bread and rolls combine well with milk, cheese, butter and meat. They make good eating and give a comfortable feeling of satisfaction afterwards. Such simple combinations as bread and cheese, or rolls and milk, are highly effective in satisfying hunger. And they go a long way toward meeting nutritional requirements.

A Notable Food Team

Nutritionists have a high regard for the combination of bread and milk. Breadstuffs are generally regarded as a most economical source of energy and protein in the diet. Milk is our most nearly perfect food. And the proteins of milk supplement those found in the grains of which bread and rolls are made.

Children especially should consume some form of bread, toast, or well-baked rolls at every meal. These easily digested foods supply the fuel values that most active youngsters require in abundance. Rolls and bread with a well-baked crust have the additional advantage of encouraging thorough mastication.

During adolescence, the energy requirements are especially high. Boys sometimes eat more than their fathers, and it is desirable that the extra calories be provided in the form of such easily digested and wholesome foods as breadstuffs. This is also an advantage to the homemaker, from the point of view of economy, as breadstuffs rank as one of our most reasonably priced foods. Adolescent girls, on the other hand, frequently develop finicky appetites and strange food habits. They may wish to go to school without break-

Tot Will Welcome Friendly Calico Dog

Pattern 6202.

He's made to be hugged—you'll hate to part with him once you've finished him. But you can rest assured the one who gets him—whether he's to be toy or mascot will welcome him. Calico and this pattern that's easy to sew is all you need. You'll want to make a whole litter of them! Pattern 6202 contains a pattern and directions for making dog; materials needed.

To obtain this pattern, send 15 cents in stamps or coins (coins preferred) to The Sewing Circle, Household Arts Dept., 259 W. 14th St., New York, N. Y.

Please write your name, address and pattern number plainly.

That in the Hand

It is said that the thing you possess is worth more than two you may have in the future. The one is sure and the other is not.—La Fontaine.

Adolescents Like Variety

One way to help growing girls to be energetic is to encourage them to eat some form of bread at every meal. This will help to keep up the fuel value of the diet at very little expense.

Mothers must, however, guard against loss of interest in breadstuffs by various members of their families, as a result of monotony. Luckily, there is no reason why this should occur in any home. For it is possible to provide breadstuffs in such a variety that the same kind need not be served twice in succession within the space of one or two weeks.

You can add variety to the diet by preparing bread from graham, whole wheat or rye flour. Rolls can be made from plain or sweet dough. Some of the more popular are Parker House rolls, sandwich rolls, finger rolls, cinnamon buns, butterscotch rolls and pecan rolls.

A New Leavening Agent

Some homemakers may feel that it is too costly to purchase such fancy breads outside the home. And they may feel that they cannot spare the time required for home baking. Such arguments might have been valid in the past. But not any more!

Recently a new kind of yeast has been developed which makes it possible to prepare a variety of hot breads at home—more quickly than ever before. Thus, home bak-

ing follows the trend of the times and becomes quick-baking.

One reason why modern homemakers have been reluctant to make bread and rolls at home, I believe, has been the difficulty of obtaining a leavening agent that was both quick-acting and possessed good keeping qualities.

Yeast is the most satisfactory leavening agent for bread and rolls. Heretofore, only two types had been available. Fresh, or compressed yeast, and dried yeast. Both of these products are composed of yeast plants combined with cereal.

Fresh yeast has a higher moisture content, however, and because of this, spoils rapidly. Hence, it must be purchased fresh, kept well refrigerated, and used within a few days. Dry yeast keeps several weeks at room temperature and has, therefore, been regarded as more practical. Its great disadvantage has been that it acts less quickly, owing to the fact that some of the yeast plants are destroyed during the drying.

Keeps and Is Quick-Acting

But nowadays homemakers can buy a new kind of yeast. A new, fast, pure yeast that combines the keeping qualities of dry yeast with speedy action.

This product is a dry yeast that comes in the form of small granules. It softens promptly in water, and is then ready for use. Moreover, it keeps its strength and activity for several weeks, so that it can be kept on hand at all times.

Homemakers can bake whenever it is convenient. And what delicious bread and rolls they can make. Such wholesome combinations as prune bread, combining both white and whole wheat flour with seeded, uncooked prunes . . . refrigerator rolls, coffee cakes, raisin bread, wholesome raised doughnuts, waffles and buckwheat cakes.

It cannot be denied that bread is one of the oldest foods known to man. But just to prove that even our most basic foods may be improved—along comes this revolutionary yeast to provide a leavening that is more satisfactory than ever before, perhaps, to homemakers all over the country.

PATTERN SEWING CIRCLE DEPARTMENT

HERE'S a very new and practical kind of every day dress for you, and an adorable party frock for little girls. They're both so easy to make that even if you've practically never had a needle in your hand, you can do it, and what satisfaction you'll feel when you see them emerging from your hands! Each is accompanied by a step-by-step sew chart that explains everything.

Little Girl's Party Frock.

You can make your small daughter so happy (and do it so easily) by making her this basque frock with the rippling skirt and contrasting bands. She's sure to be the belle of the party whenever she wears it. Bright little appliques bloom all round the hem of the very full skirt—heart or tulips, whichever you prefer. Taffeta, silk crepe, organdy or batiste are pretty materials for this.

Button-Front Day Dress.

This is a new type of dress that you'll feel particularly well in, and wear endlessly for shopping and runabout. It's very nice to your figure, because it has tucks on the shoulders and just above the waist, to fill out the bustline. The skirt is slim over the hips and slightly flaring. The sleeves are smartly upped at the shoulders. It's a style you'll want right now, in thin wool, a pretty print, or flat crepe—and later on, for summer, in such cottons as gingham or linen.

The Patterns.

No. 1683 is designed for sizes 6, 8, 10, 12 and 14 years. Size 8 requires 2½ yards of 39 inch ma-

terial, with 1¼ yards contrasting for applique and bands.

No. 1670 is designed for sizes 34, 36, 38, 40, 42, 44 and 46. Size 36 requires 4 yards of 39 inch material with short sleeves; 4½ yards with long sleeves.

Send your order to The Sewing Circle Pattern Dept., Room 1020, 211 W. Wacker Dr., Chicago, Ill. Price of patterns, 15 cents (in coins) each.

There Are Two Ways to Get at Constipation

Yes, and only two ways—before and after it happens! Instead of enduring those dull, tired, head-achy days and then having to take an emergency medicine—why not KEEP regular with Kellogg's All-Bran? You can, if your constipation is the kind millions have—due to the lack of "bulk" in modern diets. For All-Bran goes right to the cause of this trouble by supplying the "bulk" you need. Eat this toasted nutritious cereal every day—with milk or cream, or baked into muffins—drink plenty of water, and see if your life isn't a whole lot brighter! Made by Kellogg's in Battle Creek. Sold by every grocer.

Pass Over Injury

He who has injured thee was either stronger or weaker. If weaker, spare him; if stronger, spare thyself.—Seneca.

Richer Soil

FOR A FEW CENTS AN ACRE Also bigger yields of better crops. High quality insured by pre-testing. Recommended by farm authorities. Inoculator easily used on clovers, alfalfa, beans, etc. Ask your Seed Dealer or The Albert Dickinson Company, Chicago, Ill.

NOD-O-GEN

NEW IDEAS

ADVERTISEMENTS are your guide to modern living. They bring you today's NEWS about the food you eat and the clothes you wear. And the place to find out about these new things is right in this newspaper.

Sunshine 4-H Club Has Valentine Party

We wonder:

Why Wally drove in the field coming to Steinbours. Wasn't the road wide enough?
Whose tie Toots was wearing.
How Bernie managed to get the crowd quiet. Was it through post office or was it her music?
How Clara's back felt when cold water was poured down it. She was warned.
Why Hilda W. was in such a hurry to get home.
Whether Laura or Hilda got to bed earliest.
Why Helen blushed so when Elmer K. got down on his knees to read his verse?
Why Pearl wanted two numbers in post-office.
Where Elmer S. got all the gum to keep the musician going.
Why Art and George wanted to square dance all the time.
Why Fritz didn't sign his name on the valentines in plain sight.
Who the old bachelor that sent Mrs. Stuckey a valentine is.
Who convinced Wilmer to dance?
Who is the Mae West that sent Gary a valentine?
Why Erwin Wille thought there were an awful lot of valentines?
Why John W. came so late.
Why Alvin and Wally were quarrelling.
If Marion's dress was silk, cotton, or wool.
Why Ellinore had Elmer S. for a partner so many times?
Why Erwin S. got home so much later than the rest. He says the car wouldn't start.

One Who Knows.

Cold Walls

(Continued from front page)

means of the conventional air circulation. Ice cube freezing, dessert freezing and below-freezing for storage purposes as contained in previous refrigerators remain unchanged. Ample food storage space is provided for such items as are not susceptible to rapid drying or discoloration by cold circulating air.

In the lower section, a series of refrigerating coils have been concealed behind the walls, back and bottom, practically surrounding the entire section, accomplishing the cooling function largely by means of the radiant principle of heat transfer. Air circulation is reduced to an almost unmeasurable degree by the practical aqualization of temperatures in the entire section and the impossibility of additional heat reaching the food compartment from at least five sides, because of the concealed refrigerant coils, and the top refrigerated section.

With an almost complete elimination of air circulation, moisture loss from foods is practically nothing. Humidity in the lower section reaches 85 percent and higher and because of the high moisture content for longer periods, foods do not dry or wither even when left uncovered. Freshness and vitality are maintained after days of storage. Intermining of odors and tastes from one food to another is reduced to almost insignificance.

Despite the fact that this Cold Wall section requires its own refrigerating coils, not a single moving part has been added to the regular mechanism of the cabinet. Although the freezing unit in the upper compartment remains standard size with standard ice capacity, and has about one half the standard area to refrigerate by direct air contact, excess cooling is prevented by surrounding the refrigerant filled unit with an outer metal shell, separated from the inner metal by a narrow space. In this way, frosting is reduced but ice freezing is as fast as ever.

Equally interesting, even if not so startling in character as the new type of food preserver, is the announcement of a Super-Value six cubic foot Frigidaire of conventional design to retail at less than \$150, a new low price in the Frigidaire line for a refrigerator of this size. This new six will have the same meter-miser type of compressor and freezing unit which is found in all models. "The complete 1939 line of Frigidaire household refrigerators includes three basic series," said Mr. Beagley, local Frigidaire dealer, "which are known as the Special, the Master and the Cold Wall series. They are all exclusive of the new Super-Value six which has been produced as an outstanding value in the six foot classification."

"Without question, this new Cold Wall refrigerator is the most outstanding achievement in the electric in a class by itself and represents the refrigeration world today. It stands most advanced ideas in food preservation."

The new 1939 line of Frigidaire electric refrigerators and ranges is now on display in the show-rooms at 94th avenue and 159th street.

Rock Island To Lay New Rails

Formal announcement that the Rock Island Lines have placed orders for 41,000 tons of 112-pound rail for laying during 1939, is made by E. M. Durham, Jr., chief executive officer of that railroad. This new rail which will be put in the main lines, replacing lighter rail which will be transferred to branch lines, is part of the Rock Island's 1939 improvement program aggregating \$32,412,000.00, which also includes 626,000 cubic yards of heavy ballast. The entire rail and ballast improvement will affect a total of about 543 miles of track in various localities.

Tinley Legion Holds Business Meeting

Tinley Park Auxiliary, Unit 615, met at Mrs. Edith Baldwin's home Friday evening, February 10, 1939, to hold their monthly business meeting.

Frances Rowden, Viola Carr and Trudie Swisher have their nurses uniforms which they earned by stripping and sewing carpet rags and doing hospital service. Thirty-six hours of this kind of service gives an Auxiliary member the right to purchase from the Department this uniform and ninety-two hours service, an award from the Department of an arm band with the Auxiliary insignia is received. Mrs. Viola Carr, Unit president has received this band and exhibited her uniform and arm band at this meeting. These uniforms are open blue trimmed in white and with zipper closing. The words "American Legion Auxiliary" is placed on the left side above the heart. A letter was read by the secretary Min Felten from Mrs. Marian Bates, department Hospital Chairman, stating Mrs. Carr was third in the state to receive both uniform and the arm band.

Any Auxiliary member in good standing may join this Service Class which is under the direction of Trudie Swisher, Unit Rehab. Chairman, and earn her uniform.

If there are any women in Tinley Park or surrounding territory who are eligible to belong to the Auxiliary and would be interested in joining with us phone 107-M for membership chairman Frances Ceithaml or 63-J for the President Viola Carr and either will be happy to call for your application. It is a great honor to belong to this organization and to know you have worked side by side with your Legion Post in helping put over their sponsored legislation which is to benefit those who are dependent because their father, brother, husband or son so bravely gave his life or the best part of it for their country. Widows and orphans of other wars receive government pensions and we want the same kind of treatment or consideration given the World War veterans' families. Your membership dues will help us help them put this legislation over.

Next meetin' will be at Frances Rowden's home, Friday, February 24, and is social night. Lets greet Vivian Ingel, Eighth District Director, who will be our guest this night with a large attendance. Min Felten and Mamie Brandau expect to be cohostesses with Frances Rowden on this evening.

The Junior group under the direction of Mrs. Myrtle Wolf will meet at Barbara Ann Freitag's home Saturday, February 18, and make scrap books. Juniors, tell your eligible girl friends what good times you have at your meetings and they will want to come also.

Blanch Carr,
Publicity Chairman.

The quality of our government depends entirely upon the kind of interest which the individual citizen takes in it. We are governed by ideas, not by those who for the time being are in public office. When there is a lack of constructive thought about government, the opposite qualities will animate it. There is no substitute for individual responsibility.

—Hon. Douglas L. Edmunds

Churches Hold Ash Ritual

Ash Wednesday services, marking the start of Lent, are held throughout the world. The above picture was taken at St. Mary's Catholic church in Chicago, showing the traditional ceremony in which ashes of the palm are used.

TINLEY TO PLAY ORLAND NEXT SUNDAY

Tinley 54—Mokena 42
Tinley scores heavily midway in second half to defeat the Mokena basketball team Sunday afternoon. It was the fourth victory in five conference games for the Tinley five and the third loss in five games for Mokena. Schuldts was in the game for Tinley as the second half opened, and jumped out in front 31-30. Gotham teamed up with Lehman to lead the attack with 20 and 13 points respectively.

Orland 75—Beecher 42
Orland continued its drive towards the Tinley Sun-League championship by slapping a 75 to 42 defeat on Beecher Sunday afternoon.

Orland led, 32 to 23, at the half, with Uthe and Steinmetz contributing one-half of their team's total. Uthe eventually won scoring honors with eight field goals and one free throw for seventeen points. Steinmetz was Uthe's chief aid. He scored six field goals and two free throws good for fourteen points. Stadt was the high scorer for Beecher. He compiled a total of seventeen points, including sixteen on field goals.

Manhattan 32—Hazelcrest 30
Manhattan defeated Hazelcrest in the Tinley gym Sunday afternoon 32 to 30. Manhattan won their second league game Sunday by upsetting the Hazelcrest quintet in the last two minutes of play when Barry sank a long shot. Wall was high scorer of the game with eighteen points.

Games for Sunday, February 19:
Tinley vs. Orland, 1:30; Mokena vs. Hazelcrest 2:30; Beecher vs. Manhattan 3:30.

League Standing		
	Won	Lost
Orland	5	0
Tinley	4	1
Hazelcrest	2	3
Mokena	2	3
Manhattan	2	3
Beecher	0	5
